PRICE TWO CENTS

ARMISTICE HELD READY TO SIGN

If Turks Will Concede Territory Taken from Them Bulgars Will Allow War to Stop

DANGER OF CLASH IS OVER

Powers Pass Crisis without Becoming Embroiled Over Servian-Austrian Squabble

LONDON, Nov. 15.—President Danell of the Bulgarian parliament, as mediator between Austria and Servia has closed a definite agreement with Austria, it was stated on high authority here this afternoon by which Servia will get an Adriatic seaport and the railroad between Mitrovitz and Salonika.

CONSTANTSA, Roumania, Nov. 15.—Seven thousand cholera cases among the troops engaged in defending the Chatalia lines were reported in dispatches from Constantinople today. It was said the disease is spreading at the rate of 500 cases daily.

CONSTANTINOPLE, Nov. 15.—The powers' ambassadors here today told the press that Bulgaria alone cannot agree to an armistice—it must consult its allies and this will take a little time. This was interpreted as indicating Bulgaria is determined to occupy Constantinople before discussing peace terms, as it can make harder terms.

LONDON, Nov. 15.—With the Bulgarians still capturing fort after fort in Constantinople's last line of defense, peace negotiations between the Turks and Bulgarians were going on today.

Foreign office officials here continued optimistic. They were sure that Austria does not intend to resort to force in settling the dispute as to control of the Adriatic coast, provided the matter is open to settlement by arbitration after the war. It was considered that Russia will be certain to agree to this, and if Russia agrees, no matter how much Servia may dislike the arrangement, it will have to submit.

Bulgarians Ask Submission
Czar Ferdinand of Bulgaria was reported determined not to grant the eight-days' armistice asked by the Turks unless absolutely assured that permanent peace will follow it immediately. To guarantee this, it was understood he insisted on the surrender of Chatalia forces, the cession to the allies of all the territory they have captured, and admission of the Bulgarians to Constantinople, which, however, he does not intend to hold long.

That the Turks would consent to such sacrifices was deemed unlikely, but diplomats believed a compromise would be reached.

The Turks object especially, it was known, to the Bulgarians' entrance into Constantinople. This was not entirely a sentimental objection. There were practical reasons for it. So long as the capital remains in Turkish hands the ignorant masses of the Turks will not realize how badly they have been beaten and may even be calmed into thinking they have won, as they did after the war with Russia, but if they actually see the Bulgarians in Constantinople, it will be impossible to deceive them and a revolution will be practically inevitable.

Armistice Drawn Up

SOFIA, Nov. 15.—The proposed armistice between the Balkan allies and Turkey has not been signed, as reported, but has been drawn up and awaits Czar Ferdinand's arrival from the front to approve it. It was officially stated today. Until it has been signed by authorized representatives of all the combatants, it was added, Bulgaria will not cease its military activity. The terms were said to include possession by the Bulgarians of Constantinople and Adrianople; by the Servians, of Monastir, by the Greeks, of Janina, and by the Montenegrins, of Scutari.

When permanent peace is made the allies will insist on retention of all the territory they have, on the internationalization of Constantinople and Salonika, the opening of the Dardanelles, a big war indemnity and the sultan's complete retirement from European affairs.

Montenegro at the Sea

CETTINE, Nov. 15.—The Montenegrins today captured the heights commanding San Giovanni Di Medela, the Adriatic port for possession of which Montenegro, Servia and Austria are all ambitious.

Report Armistice Signed

PARIS, Nov. 15.—That an armistice was signed at noon today between Turkey and the Balkan allies was asserted in a Constantinople dispatch received here. Nothing was said concerning its terms nor was the news confirmed from any of the other Balkan capitals.

NAOMI CROCKER IS FOUND GUILTY

Aged Woman Convicted of Second Degree Manslaughter for Illegal Operations

PENALTY MAY BE TEN YEARS

Savage Old Dame Who Flew at District Attorney with Crutch Calm During Trial

Naomi Crocker, the aged woman who was indicted for performing illegal operations and whose trial has occupied circuit court ever since the Allen case was disposed of, was found guilty of manslaughter in the second degree by the jury today. It is said that a motion for retrial will be made by her attorneys Saturday. If this motion is denied she will be sentenced to the state penitentiary for a term of not less than one year or more than ten years.

The Crocker woman has long been an object of suspicion by the police, but owing to the difficulty of getting any witnesses in a case of this kind she has piled her terrible trade for years with impunity. She lived in an old white house on State and Sixth streets and was known as one of the strangest characters in the underlife of the city. Many strange tales are told of her and her doings, but perhaps the one that best illustrates her temperament is the one told of her attack on District Attorney James Thompson when she was being tried for an offense before Judge Brindley in county court. Mr. Thompson was questioning her about some point in the case and she suddenly flew in a rage and struck violently at him with her crutch which she uses in walking. She is a cripple. It was only Mr. Thompson's agility that saved him from a blow that had force enough to floor him.

The specific charge on which she was tried yesterday and today was brought by a girl from Cataract, Wis., whose testimony was conclusive of the woman's guilt. The jury was out but a short time when the verdict was reached. The Crocker woman heard the reading of the verdict without the quiver of an eyelash and she appeared to be absolutely unaffected by what she knew meant prison for perhaps the rest of her life.

Many to be Sentenced

The criminal calendar was brought to a close today when the case of the state vs. William Murphy went to the jury and there will be four final dispositions of convicted persons by Judge E. C. Higbee tomorrow morning. Dr. Ralph Allen, Naomi Crocker, William Davis and John Gabler will stand before the bar for sentence. Davis will change his plea to guilty and will be sentenced for the theft of a horse from George Hodge, while John Gabler will also change his plea to guilty and will be sentenced for dynamiting fish. At three o'clock the jury in the case of William Murphy handed in a verdict of guilty. He is accused of stealing a watch from Harry Potter, a farmer living near La Crosse.

The civil calendar opened this afternoon with the Moore vs. La Crosse City Railway company, case.

VALUES EYE AT \$10,000

MILWAUKEE, Nov. 15.—In a suit William Schuller against the Chicago, Milwaukee and St. Paul railroad to recover \$10,000 damages, Schuller claims that while he was repairing a car belonging to the company, his hammer slipped and the nail flying back, destroyed the sight of his eye. Mr. Schuller blames the hammer and asks \$10,000 damages.

KITTLE NON-COMMUTAL

MADISON, Wis., Nov. 15.—If nomination papers for William Kittle as a candidate for superintendent of public instruction are being circulated anywhere in the state, it is being done without his authority. This was his statement today. He would not comment further on the report that he will be a candidate for Superintendent C. P. Cary's place.

CLARK IN WASHINGTON

WASHINGTON, Nov. 15.—Speaker Champ Clark arrived in Washington today to discuss next session's legislative program with his colleagues and line up votes for his reelection to the speakership next March. He already has pledges of one-half of the members of the next congress.

STORM ABATES

ALPENA, Mich., Nov. 15.—The storm that has raged over this section for the past 48 hours had abated today and while there were still high winds, the steamer Mackinac was able to clear for Detroit. Thundered, Middle Island and Presque Isle points reported no wrecks.

T. R. 72 VOTES AHEAD

SAN FRANCISCO, Nov. 15.—Official and unofficial returns today from all except San Francisco, Los Angeles and Yuba counties show Roosevelt is 72 votes ahead of Wilson.

GOMPERS OPPOSES A LABOR PARTY

President of A. F. of L. Will Not Sanction Political Organization of Workers

WILL FIGHT THE I. W. W.

Organizers Will Be Sent Out to Secure Unskilled Laborers for the Federation

ROCHESTER, N. Y., Nov. 15.—In an attempt to settle all of the disputed questions which have threatened to cause serious friction in the American Federation of Labor, the various committees got down to business today. All of the committees had momentous problems to deal with, but interest centered in the work of the committee on officers and organization.

President Gompers' action in flatly opposing a political party composed exclusively of labor had aroused intense bitterness among the socialists present, but they were in the minority and were expected to do all of their fighting behind the closed doors of the committee room.

To Fight I. W. W.

A complete and comprehensive plan of organization of non-skilled workers will be considered by the convention next week. The plan, as outlined in the committee today, provides for the designation of a number of general organizers who will work directly among the unskilled workers and endeavor to end the monopoly heretofore held by the Industrial Workers of the World. The committee also considered a plan for more extreme action to consider labor legislation.

Because the committees are far behind in their work the convention was forced to "mark time" today and no business was transacted.

The session scheduled for tomorrow has been abandoned and President Gompers said nothing but committee work would be transacted until Monday.

At that time the complete program will be ready and elections will be rushed through. Gompers was given assurances today that there would be no renewal of the bitterness of past conventions. While the anti-administration forces will voice their protests on the floor they will content themselves with entering formal dissent and let it go at that. This action followed a series of conferences among the leaders of the anti's which ensure a decidedly harmonious ending of the convention.

STORM CRIPPLES STEAMER

ST. JOSEPH, Mich., Nov. 15.—Repairs were being made today on the steamer Puritan of the Graham-Morton line. The Puritan was forced to put back late yesterday after she started for Chicago in the teeth of the "norwester" after an hours struggle. The waves which were breaking over the vessel had crushed overhead ports, poured great quantities of water into the main cabin and torn away the wireless rigging. There was a panic on board but none was injured.

STUDY WISCONSIN LAWS.

MADISON, Wis., Nov. 15.—(Special.)—Ralph Metcalf, a state senator in the state of Washington, and A. H. Good, head of the civil service commission of Seattle, have been here the past few days studying the progressive legislation of Wisconsin. A delegation appointed by Governor Cox of Ohio is expected here next Monday on a similar mission.

SCHRANK DOUBTS DOCTORS' SANITY

The Assailant of Roosevelt Thinks Insanity Commission Is Itself Unsound

MILWAUKEE, Wis., Nov. 15.—

That the alienists commission appointed by the court to examine the mental condition of John Schrank may make a report tomorrow was stated as probable today.

The confessed assailant of Col. Roosevelt told District Attorney Zabel today that he doubted the sanity of the five physicians who have for the past three days plagued him with what he terms foolish questions.

"I am not insane and they certainly cannot swear to it under oath. They have asked me so many foolish questions that I have come to the idea that I might turn around and question them as to their own mental condition," Schrank said.

It is the conviction of the district attorney that Schrank is the victim of an aberrated mind and he believes when the report of the physicians is made they will determine the best place for Schrank is in an insane asylum.

ASK RECOUNT IN TEN PRECINCTS

Karel Demands Verification of Vote in Ten Counties of the State Today

MAY ASK ENTIRE RECOUNT

If Results Warrant, Judge Is Reported to Be Ready to Go Over Whole State Vote

MADISON, Wis., Nov. 15.—Democrats here may enjoy the secretary of state from issuing a writ of election to Gov. McGovern.

The Karel men's request for a recount was thrown out by the board of canvassers because incorrectly served and before it could be corrected the board adjourned. The injunction is the only course left open to them and they declare they will take it.

In accordance with a petition which was filed by J. C. Gurda of Milwaukee, with County Clerk Charles Rawlinson today, there will be a recount of the gubernatorial vote in ten precincts of La Crosse county Monday evening. Mr. Gurda is Judge John C. Karel's attorney and his petition declared that the Karel supporters have reason to believe that there were errors in the count of the ten precincts—that persons not qualified were allowed to vote and that votes that were counted for McGovern should have been counted for Karel.

In Ten Counties

According to the news dispatches today similar action was taken today in ten other counties in the state by the Karel supporters. It is not known who is furnishing the money for the recount which will cost at least \$2 a precinct. It is rumored in political circles today that the Karel men claim that if they find enough change in the votes in the precincts they have picked, to warrant further action, they may demand a recount of the entire state vote.

It is also said that the men acting for Karel received their orders and were sent out at the time that McGovern's plurality appeared to be little more than 1,000 over Karel. Today's Milwaukee papers, however, in tabulating the official vote, give McGovern a plurality of more than 11,000 votes over Karel. According to a prominent Karel supporter today a four votes in each precinct in the state were changed to Karel by the recount, Karel would be elected.

The recount in La Crosse county is asked for Hamilton, Holland, Bangor town, Farmington and the First, Third, Seventh, Tenth, Eleventh, and Twentieth wards in the city of La Crosse.

Recount in Dane

MADISON, Wis., Nov. 15.—A recount of Judge John C. Karel's vote in ten precincts of Dane county was to have begun at the courthouse here this morning. Elmore T. Elver, acting for Judge Karel, last night filed notice with County Clerk G. J. Fjelstad of this county for the recount. His petition set forth that in the districts in question persons were allowed to vote who were not qualified, and that votes were counted for the opposing candidate which should have been counted for Judge Karel. Four precincts in the city of Madison will be recounted. These are the two precincts of the Fifth ward, where many university students voted, and the Ninth and Tenth wards. The village of Mt. Horeb and the towns of Berry, Christiansa, Blue Mounds, Rutland and Pleasant Springs are also embraced in the order.

Mr. Elver said that in practically every county in the state are precincts in which the ballots must be recounted.

WEATHER

For La Crosse and vicinity: Fair tonight and Saturday; slightly warmer.

For Wisconsin: Fair tonight and Saturday; slightly warmer tonight.

For Minnesota: Fair tonight and Saturday; slightly warmer east portion tonight.

For Iowa: Fair tonight and Saturday; slightly warmer east and central portions tonight.

Weather Conditions

The weather is generally fair in all sections of the country this morning, with lower temperature from the Mississippi valley to the Atlantic coast. The eastern storm is central off the north Atlantic coast while a shallow depression has developed in the southwest.

River

Stage.	Change.
St. Paul	0.4
Red Wing	0.9
La Crosse	1.9
Lansing	2.4
Prairie du Chien	2.2

The river will not change materially during the next 48 hours.

KINDLEY ROASTS ONALASKA ROAD

Says Village Street Is One of Worst Highways in La Crosse County

MAY CUT DOCTOR'S SALARY

County Physician's Pay to Be Reduced to \$900; Territory to Be Divided

Supervisor John Kindley severely criticized the city of Onalaska relative to the neglect of the highway passing through the village at this morning's meeting of the county board and asked that the board take some action to bring about an amendment to the state highway law to force the city of Onalaska to put the road in good condition.

Mr. Kindley declared that the county roads on both sides of Onalaska are in good condition but that the road passing through the village is one of the worst in the county.

Supervisors L. B. Cox from the city of Onalaska, asserted that they cannot afford to stand the expense and asked the county to come to their aid.

Supervisor Kindley then suggested that the county appropriate \$1,000 toward the improvement of the road.

A resolution instructing Chairman R. W. Davis to appoint a committee to confer with John A. Hazelwood, chairman of the state highway commission upon the matter during his visit to La Crosse November 18, was adopted.

May Reduce Salary

A resolution was introduced to change the system relative to the territory to be covered by the county physician. The resolution amended the present system, decreasing the salary from \$1,200 to \$900 per year and eliminating the second and third districts. The resolution also provided for the appropriation of \$300 to be used in paying claims of physicians for services to poor in the second and third districts.

Supervisor John Kindley moved to amend the salary to \$1,000. Chairman R. W. Davis referred the resolution to the committee on ways, means, poor and insane.

Officers Elected

Thomas Stavrum was unanimously elected to succeed himself as a member of the board of trustees of the La Crosse county insane asylum for a term of three years.

Fritz Schroeder was unanimously elected as poor commissioner of the third district for a three year term.

A resolution was introduced by Supervisor J. C. Moran, instructing the county clerk and grounds and buildings committee to provide bonds for the county officers as follows:

County treasurer,	\$50,000.
Clerk of court,	\$5,000.
County clerk,	\$2,000.
Register of deeds,	\$3,000.
Sheriff,	\$5,000.
District attorney,	\$1,000.
Surveyor,	\$500.
County coroner,	\$500.
Superintendent of poor,	\$1,000.

The resolution was referred to the ways and means committee and the district attorney.

Hold Banquet

A dozen supervisors from the county districts were present at a banquet held at the Deering hotel last night.

The county board left for Onalaska at 11:30 this morning on their annual trip of inspection to the La Crosse county agricultural school.

Excellent conditions were found to exist at the insane asylum at West Salem which the supervisors visited yesterday.

GIRL FOUND DEAD IN HOTEL BATH

Employer Held but Is Released when Death Is Proved Due to Natural Cause

BOSTON, Nov. 15.—Marjorie Powers, whose body was found in a bath tub at a local hotel, late last night, was not murdered, nor did she commit suicide. Her death, according to a statement issued today by Medical Examiner Magrath, who performed an autopsy, was due to natural causes—thymus glands and enlargement or dilation of the heart.

Arthur T. Cummins, a prominent merchant, was held in jail in connection with the mysterious death of his stenographer, whose body was found in a bath tub full of hot water in a small hotel.

Cummins, who registered at the hotel with Miss Powers and who had been held 24 hours as a witness, was immediately given his freedom.

HAUPTMAN NOBEL WINNER

STOCKHOLM, Nov. 15.—The Nobel prize for literature was awarded today to Gerhart Hauptmann, the German dramatist.

WILSON IS GIVEN LEAD OF 33,631

Total Vote of Badger State Is 57,265 Less Than Vote Cast in 1908

M'GOVERN BEHIND TICKET

Governor Has 11,276 More Votes than Karel, and Is 10,000 Behind Rest of Slate

PLURALITIES IN STATE

For President—Woodrow Wilson, 33,531 plurality.

For Governor—Francis E. McGovern, 11,276 plurality.

For Lieutenant Governor—Thomas Morris, 21,718 plurality.

For Secretary of State—J. S. Donald, 23,089 plurality.

For State Treasurer—Henry Johnson, 23,955 plurality.

For Attorney General—Walter C. Owen, 21,849 plurality.

MILWAUKEE, Wis., Nov. 15.—

Woodrow Wilson's plurality in Wisconsin was 33,531 votes over Taft, according to official figures from all but one county announced today. A total vote of 397,176 was cast. This was 57,265 less than four years ago.

Gov. McGovern's plurality over Judge Karel, democrat, was 11,276. McGovern's vote was about 10,000 behind the republican state officers.

Woman suffrage was defeated by

92,346 votes.

Karel received 3,794 more votes for governor than Wilson did for president. McGovern received 48,601 more votes than Taft, but his vote was 10,060 less than the combined vote of Taft and Roosevelt, showing that all of the Roosevelt vote did not come from the republican side.

Wilson Behind Bryan

Wilson received 164,409 votes, or 2,253 less than were cast in the state for Bryan in 1908. Taft received 130,878 votes or 116,869 less than he received in 1908. Roosevelt's vote was 58,661. Taking the Taft and Roosevelt vote together and there is still a net loss of 58,208 to the republicans, showing very clearly where the stay at home vote came from.

The prohibitionists lost 3,245 votes as compared with their vote in 1908. The social democrats showed a gain of 5,973 votes over those cast for that party in 1908, but as compared with the vote the socialists received in the state in 1910 they have a loss of 5,419.

Wilson carried forty-three of the seventy-one counties in the state. Taft carried twenty-two and Roosevelt six. The counties carried by Taft were Barron, Buffalo, Clark, Door, Dunn, Eau Claire, Florence, Iron, Jackson, Juneau, Marinette, Oconto, Oneida, Pepin, Price, Richland, Rock, Rusk, Trempealeau, Vernon, Waupaca and Waushara.

Roosevelt Carries Six

The counties carried by Roosevelt were Bayfield, Burnett, Douglas, Pierce, Polk, and Washburn. His only plurality of moment was received in Douglas county where Roosevelt had 2,280 votes, Wilson 1,185 and Taft 174. Even Debs beat out Taft in this county, receiving 785 votes.

Taft's heaviest pluralities came from Rock, Waupaca and Vernon counties. Rock giving him 1,246, Vernon 1,211 and Waupaca 642.

Wilson's heavy pluralities came from Milwaukee county, where he had a lead over Taft of 9,576; Dane county, where he had 3,902 plurality; Dodge, where he had 2,687; Jefferson, where he had 2,455; and La Crosse, where he had 1,991 plurality. In the other counties Wilson received pluralities ranging from a few hundred up to 1,500. It was a case where the landslide affected nearly every county. It was assisted as the returns show, by the inroads of the bull moose whose vote was heavier than was expected by those who were watching the trend of events most closely.

SUICIDE ATTEMPT SUCCEEDS

MILWAUKEE, Wis., Nov. 15.—Richard Schoenberger, 48 years old, who, after having written a dying declaration in which he declared his faith in God, slashed his throat with a pocket knife on November 7 in front of his home, 1382 Thirty-fourth street, and who has been between life and death at Emergency hospital since that time, died Thursday night. Domestic trouble is said to have been the direct cause of the act. Schoenberger's wife says that he was perfectly normal and sensible in everything except religious matters.

MADISON POSTMASTER SAFE

MADISON, Wis., Nov. 15.—No fear of a change in postmasters in this city as a result of the coming of a democratic national administration is felt here. The present postmaster, William Devine, who was appointed a year ago for a four year term, is a democrat and drew the endorsement of men in both parties at the time of his appointment to succeed the late R. W. Keyes. Mr. Devine was assistant postmaster under Keyes.

CHARITY BALL MOST BRILLIANT IN ITS HISTORY

Beauty and Fashion of the City Join in Splendid Function at Germania Hall

DECORATIONS SURPASSING

Hall Resembles Conservatory with Garlands of Vines and Bunches of Flowers

SEXTETTE GIVES SURPRISE

Unexpected Feature Adds to Pleasure of Season's Biggest Affair Last Night

The charity ball last night surpassed in point of attendance any ever given, according to the estimates of the ladies in charge, today. Between five and six hundred participated. The money realized from the sale of tickets amounted to nearly \$800, and it is expected that despite the increased cost of the music and the increase in other expenses, the La Crosse hospital will benefit more than ever before.

Into history last night, bearing with

it the title, by general consent, of the "most brilliant on record." The fashionable world of La Crosse was present in force, the ladies resplendent in beautiful costumes.

Germania hall was decorated with great effectiveness, the decorations being the work of C. E. Schaefer and John Foley. Mrs. Charles S. Cone headed the decorating committee. The hall appeared more like a conservatory than a ball room. The balcony rail was hidden under festoons of southern smilax, and the chandeliers were draped with the same plant. Each chandelier was a huge bouquet of giant chrysanthemums of all colors, and the ceiling lights were shaded by rose wreathed globes. From the lower edge of the balcony a white lattice was built out, covered with trailing vines, transforming the booths in which the dancers sat into a large white trellis, decorated with smilax and greens, and the front of the platform was banked with palms and ferns. Chrysanthemums were in evidence everywhere, by the doors and along the front of the stage. The orchestra was screened from view by the trellis and a hedge of palms. Corners of the ball room were latticed off into cozy corners, hidden by vines.

Concert Precedes Ball

Promptly at 8:30 the large orchestra, led by D. F. Monti, opened the concert which by custom precedes the grand march and dancing, with the "National Emblem" march. The balcony and the seats on the dance floor were already well filled with people, and as the concert proceeded the crowd flowed in, until every available seat in the balcony and lower floor was filled by the time the grand march took place.

The orchestra concert before the dancing began consisted of the following numbers:

March—National Emblem.
Overture—Raymond.
Tone Poem—Apple Blossoms.
Selection—Serenade (Victor Herbert).

Charming Surprise

There was a pause following the concert, and the guests were expecting the first strains of the grand march, when from the lattice screen on the stage a chorus of female voices rang out in "Carmenita." This number was a charming surprise to every one present, the six ladies who sang having kept their plans secret. The sextet was composed of Harriet B. Oltman, Mrs. Robert Whelpley, Mrs. Percy Cilley, Mrs. D. C. Faber, Mrs. Harry Watkins and Miss Cora Vandewater. Mrs. Eva Bennett accompanied the singers upon the piano.

The applause following the song was so insistent that the sextet was forced to return, and sang "Drink to Me Only With Thine Eyes" delightfully. They were again encored.

After the applause had subsided, Miss Laura Eustis and Mr. Leigh Toland appeared on the floor with the other young people who were to lead the grand march, and the orchestra struck into "Arabia."

The Grand March

The grand march was voted, by all who watched, the prettiest that has ever been performed at the annual function. The leaders had carefully rehearsed many interesting figures, and these were worked out beautifully and picturesquely with the aid of chains of smilax carried by the ladies. In the final figure the smilax served as a green roof under which each couple passed.

The punch room off the lobby at the doors of the ball room was heavily patronized last night, and Mrs. Mary Northam, who was in charge, (Continued on Page 9)

BILL WOULD AID IN SETTLING LAND

Law Would Increase State Activity in Putting People on Cut-Over Lands

CHICAGO, Nov. 15.—A tentative bill providing for increased state activity in promoting the settlement of the cut-over lands of upper Wisconsin will be presented for discussion before the National Conference of Immigration, land and labor officials which meets in Chicago, Nov. 14th and 15th.

This bill which has been prepared by the Wisconsin state legislative reference library for the Wisconsin state board of public affairs attempts to provide a method by which the state board of immigration may list lands offered for sale by private dealers and assist in securing settlers for these lands. The bill proposes that any owner of land suitable for agricultural settlement may file descriptions of it with the state board of immigration and have it advertised by the board at his expense.

Honesty in Statements
Honesty in statements with reference to the land is to be secured by the requirement of bonds to be filed with the state board of immigration. These bonds are to be payable to the state in behalf of any settler proven to have been defrauded in the purchase of land from a bonded land dealer. A further safeguard for prospective settlers is found in a provision which authorizes the state board of immigration to have soil surveys made of land offered for settlement purposes when the owner of the land or the intending purchaser of the land is willing to pay the small expense of making the survey.

Provides Board's Duties
In addition to authorizing the registration of bonded land dealers, the bill also provides that the state board of immigration may actively assist in the prosecution of all persons guilty of fraud or misrepresentation in the sale of land; that it may assist and advise settlers in all ways possible in the development of their farms and the marketing of their products; and that it shall administer with the aid of the state treasurer and the attorney general any system of state loans to farmers which it may be possible to establish in Wisconsin.

This bill has not been considered by the state board of public affairs, but it is stated by officials of the board that it will be taken up at a meeting of the board to be held in the near future.

DAKOTA, MINN.

Mr. George Vanderzee, Mr. Wm. Winter and Mr. Louis Wohliert, all of Dakota, went to Minneapolis on Thursday.

Mr. and Mrs. Joseph Strupp were business callers in town Thursday.

A picnic supper will be given to the children of the M. E. Sunday school and their parents Friday evening. About 200 invitations are out.

"How do you make such delicious muffins? Mine are always so dry. And if I make the batter thin they fall. How do you do it?"

"I make them about as you do, only I use K C Baking Powder. Mine always turn out well, so it must be the baking powder."

It is the baking powder. To make muffins, cakes and pastry rich and moist, yet light and feathery, a modern double acting baking powder must be used—one that will give off leavening gas in the oven as well as in the mixing bowl.

K C Baking Powder costs less than the old fashioned quick acting kinds, yet you need use no more and it is superior to them in every way.

Try a can at our risk and be convinced.

There will be services at the Presbyterian church next Sunday, Nov. 17. Rev. Chas. McCreery will preach.

Quips and Cranks and Wanton Wiles

A Straight Tip

I once knew a man who'd rise on a sunny summer morn' and would eat a piece of pie, pickles and an ear of corn.

And some doughnuts and some cheese, drink a glass of milk, and soon he'd begin to swear and fret and would keep it up till noon.

Then he'd eat four pounds of steak, and some salad, pork and peas.

Squeeze a lemon, drink it clear, drink some milk and eat some cheese.

And raw onions, drink some booze till his breathing was a crime.

Then he'd swear and fret again all the way to supper time.

For his supper he'd repeat: then he'd fuss all night in bed.

This world is the meanest place! Anyhow, that's what he said.

Well, his wife was scared to death, all his children were afraid.

And went tiptoeing around—never romped and yelled and played.

So that man abused the world every morning, noon and night.

And he never did suspect that his liver wasn't right.

His digestion was abused, so, of course, the man was blue.

If you quarrel with the world, here's a straight tip, friend, for you.

The College Spirit

The prosperous-looking citizen came swinging down the street, his face radiant with satisfaction, his chest swelled up with the fresh morning air. He was happily disposed toward the world and all mankind. At the corner he saw a miserable object which had once been a real man. The poor fellow, clad in rags, was shivering, and hunger had emaciated his form and put dark valleys in his cheeks.

"My good friend," said the prosperous one, "apparently you have not been as fortunate as I have. I feel the impulse to help you."

He took the tramp to a clothing store, and fitted him out in new togery from head to foot. When they emerged from that establishment, the tramp looked like a reincarnation of Beau Brummel with bells on.

The next stop was at a restaurant, where the starving man got away with about \$5 worth of food. His eyes were soft with the light of gratitude and he dearly loved his rescuer.

"Now," said the rich man, "am going to the Yale-Princeton football game. I am a Yale man, and I know Yale will win."

"Quit your kidding!" objected the tramp hotly. "Princeton's going to win."

They argued it for half an hour, and at the end of that time the tramp, fully incensed by his meal, blushed both his eyes, wiped up the pavement with him, and then threw him into the gutter.

All of which shows that college spirit is still alive in the land.—Popular Magazine.

Christian Revenge

A prisoner stood before Governor Stewart, asking him for a pardon.

"If I sign this you will commit some other crime and be back in prison, I fear," replied the governor.

"You'll go back on the river and be a mate again, I suppose."

"Yes," replied the man.

"Well, I want you to promise me one thing. I want you to pludge your word that when you are a mate again, you will never take a billet of wood in your hand and drive a sick boy out of a bunk to help you load a boat on a stormy night."

You did this once that I know of, for I was that boy. Never again be guilty of such brutality. Here is your pardon."

The man took it and went out without saying a word. What a noble reprieve the governor had!—San Francisco Star.

TAKE THIS MAN'S ADVICE

TRY THE GREAT KIDNEY REMEDY

It always gives me pleasure to recommend anything that is right and so I feel it my duty to herald the praises of Dr. Kilmer's Swamp-Root.

For years I was troubled with kidney disease and it was so intense that I was bedridden for days at a time. I gave up all hope and doctors for miles around gave me no help.

Incidentally I tried several patent remedies and at last tried Swamp-Root. From the first it gave me relief and it was no time before I was able to be up and around and now I am perfectly well and able to work as I used to before my terrible sickness.

So now let me thank you for your wonderful discovery and take this opportunity to recommend it to all who suffer from kidney troubles.

Yours very truly,
WALTER SHIRVER,
Hope, Ark.

Subscribed and sworn to before me, this 25th of March, 1912.
A. V. WARE, Notary Public.

Letter to

Dr. Kilmer & Co.,
Binghamton, N. Y.

Prove What Swamp-Root Will Do for You
Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder. When writing, be sure and mention the La Crosse Daily Tribune. Regular fifty cent and one dollar size bottles for sale at all drug stores.—Advertisement.

Climate Failed; Medicine Effective

It has been absolutely shown that rest, fresh air and good food do help many persons suffering from Tuberculosis. But it must be admitted that the disease is seldom more than "arrested." Something more is needed. Eckman's Alternative is a medicine made for the treatment of Tuberculosis. It has conquered this disease again and again. Often these benefits have been effected where the surroundings were not ideal—yet recoveries resulted. Now we argue that Eckman's Alternative should be used in every case of Tuberculosis, in addition to good, nourishing food and fresh air, which we all need. A remarkable case follows:

Weldon, Ill.
"Gentlemen: Through Eckman's Alternative I have been saved from a premature grave. On December 14, 1904, I was taken with Typhoid Pneumonia. My lungs became very much affected; my sputum was examined and Tuberculosis Bacilli were found. On February 21, 1905, I was advised to go to Fort Worth, Texas. While there an abscess in my right lung broke and discharged. I grew worse, and became very much emaciated. My physician informed me that I must go to Colorado as quickly as possible. I left Texas June 3, and arrived in Canon City June 3, very feeble. After being there two weeks, my physician informed me that my case was hopeless. Three weeks later I returned home, weighing 103 pounds, the doctor having given me no assurance of reaching there alive.

"On July 14, 1905, I began taking Eckman's wonderful remedy for Consumption. Today I weigh 158 pounds. I am stout and well and can do any kind of work about my grain elevator. I have not an ache nor pain in my lungs, eat well, sleep well, and never feel better."

(Sworn Affidavit.)

ARTHUR WEBB.

Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Sore Throat and Lung Troubles and in rebuilding the system. Does not contain poisons, opiates or habit-forming drugs. For sale by Geo. E. Mariner, Chas. Beyschlag and other leading druggists. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for additional evidence.—Advertisement.

Museum of Daily Facts and Frauds

Gives Discord Recipe

NEW YORK, Nov. 15.—An impetuous marriage to a pretty, stylish, doll-like woman, no children, and the eternal mother-in-law problem, are given as a discord recipe by Richard Haden Hood, defendant in a divorce suit.

Gets Brides Mixed
EAST ORANGE, N. J.—Performing a double wedding, Rev. Fred C. Baldwin got the brides mixed. One of the best men set him right before he took the final hitch in the nuptials knot.

Miss Rabbit—Shoot Selves
BUTLER, N. J.—Fred C. Sloane and Rev. J. W. Minner were out hunting. Both fired at the same rabbit, missed the animal, and lodged a charge of shot in each other's legs.

Sextette Beats Masher
NEW YORK.—"Do you believe in an Adamless Eden?" asked Albert Manning, a masher, accosting a crowd of six girls. They gave him a severe beating, and had him arrested.

Chores Discourage Farming
CHICAGO.—Immigration Commissioner Packer, of Wisconsin believes that city men who go back to the farm later return to the city. "Ten days of doing chores before breakfast discourages them," he said.

Walk on Honeymoon
AURORA, Ill.—Mr. and Mrs. P. L. Fison reached here today after walking across the Continent on their honeymoon trip. They will "hoof" it to New York.

Jail Dog Owner For Threats
STEINACH, Saxony—Titus Greiner, butcher, urged his dog to bite his (Greiner's, not the dog's) mother-in-law's head off. The dog refused but Greiner has gone to jail for sixty days.

OIL GOES UP
PITTSBURGH, Nov. 15.—Announcement was made on local markets here that Pennsylvania crude petroleum was again advanced five cents a barrel, making it \$1.75 per barrel. This is the second five cent advance since the election.

Buying Fish in Copenhagen.
Copenhagen has a model fish market, built by the municipality. With the exception of the larger varieties, like cod and halibut, all the fish are kept alive in tesselated tanks filled with running water. There is no other town where all the fish, whether cheap or dear, are so beautifully fresh.

In the harbor there are a large number of wooden boats pierced with holes and filled with fish. These boats just float on the surface of the water, and the living fish are taken out of them when wanted. But, as every one cannot go to the water's edge to buy fish, there are water tanks on wheels, and the live fish are brought to the doors of the people's houses.

Proof Positive.
"Am I the first girl you ever kissed?"
"Supposing I said 'yes'?"
"Never mind supposing. Am I?"
"Supposing I said 'no'?"
"There! I knew I wasn't!"—Lippincott's.

SUFFRAGIST HITS BUCKEYE VOTERS

Declares Ohio Men Are In-
different as to Rights
of Women in
Speech

COLUMBUS, O., Nov. 15.—The attitude of Ohio men toward woman suffrage was compared unfavorably with those of Oregon, Arizona, Kansas and Michigan, by Mrs. Harriet Taylor Upton, president of the Ohio Woman Suffrage association in convention here.

"I don't know what to think of the Ohio men," said Mrs. Upton. "In our recent campaign the suffrage cause did not have the endorsement of any big political party, while the cause was endorsed by all parties in New York and Pennsylvania. At no time have we had a large body of Ohio men working for equal suffrage as they had in Michigan, Kansas,

Arizona and Oregon where suffrage was adopted last week."

The most important question before this convention involves the possible use of initiative and referendum to submit against the suffrage question. Miss Fola La Follette, daughter of the Wisconsin senator, spoke last night.

Dictionary of Terms.
Rockefeller can write a few words on a piece of paper and make it worth \$50,000. That's capital.

The United States can take an ounce and a quarter of gold, stamp an "eagle" on it and make it worth \$20. That's money.

A mechanic can take material worth \$5 and make watch springs worth \$1,000. That's skill.

A woman can purchase a hat for \$3, but prefers one which costs \$30. That's foolishness.

A ditch digger works ten hours a day and handles several tons of dirt for \$1.25. That's labor.—Power and Efficiency.

A statesman is a politician who can say nothing at the right time.

FUGITIVE DIES TO ESCAPE OFFICERS

Kills Sweetheart and Then
Throws Self Under
Train to Avoid
Arrest

CHAMPAIGN, Ill., Nov. 15.—The search of the Rantoul police officials for James Cain, a wealthy young farmer near here, ended today when Cain committed suicide by throwing himself under a train.

Late yesterday Cain drove into Rantoul from his farm and made a proposal of marriage to Marguerite Lowry, a pretty shop girl. She refused him. Last night Cain attacked Miss Lowry and struck her on the head several times with a hammer, mortally wounding her. All night authorities searched the surrounding country for the girl's assailant. Early this morning when he could no longer evade the officers, he committed suicide.

GRANT DEMOCRATS WRIT

LOS ANGELES, Cal., Nov. 15.—The district court of appeals Thursday granted the democratic committee an alternative writ of mandamus directed against the county board of supervisors to show cause why last week's vote in 30 strong Roosevelt precincts should not be recounted.

The democrats dispute the return of the supervisors in these precincts.

"INCURABLE" HEART DISEASE SOON CURED

By the Great Specialist in Treating
Weak and Diseased Hearts,
FRANKLIN MILES, M. D.,
L. L. B.

Who Will Send \$2.50 Worth of Special Treatment and New Book Free

To prove the remarkable curative powers of his new Special Personal Treatments for heart disease, short breath, pain in side, shoulder or arm, oppression, irregular pulse, palpitation, smothering, puffing or ankles, or dropsy, Dr. Miles will send to every afflicted person, a \$2.50 Free Treatment. Bad cases soon relieved. These treatments are the results of 30 years' extensive research and remarkable success in treating various ailments of the heart, stomach and nerves, which often complicate each case. So astonishing are the results of his treatment that he offers all sick persons a two-pound Trial Treatment free. Do not fail to try it.

Certainly nothing could be more generous. Few physicians have such confidence in their treatments. All afflicted persons should avail themselves of this liberal offer, as they may never have such an opportunity again. Delays are dangerous. No death comes more suddenly than that from heart disease.

Send for Remarkable Cures in Your State

Mr. Gilbert Ward, Crown City, O., cured after 8 prominent physicians failed. Mr. W. J. Crites, Ludington, Mich., cured after 4 failed. Mr. P. W. Runyan, Spencer, Iowa, after 3 failed. Mr. Ira Dexter, Friendship, N. Y., after 2 had failed. Mr. H. L. Daventport, Conneautville, Pa., after 4 failed. Mr. C. E. Smith, Wayne, Mich., after 3 failed. Mrs. Lizzie Ewing, South Charleston, O., after 2 failed. Mrs. Eva Jeannerette, 1138 Park Row, Meadville, Pa., after several failed. Many cured after 5 to 15 physicians had pronounced them "incurable."

Send to Dr. Franklin Miles, Dept. H., 705 to 715 Main St., Elkhart, Ind., at once for Free Heart Book, Examination Chart, Opinion, Advice and Free Treatment. Describe your disease.—Advertisement.

LABOR DEMAND BEATS SUPPLY

Whole Month of October
Employers Constantly
Asked State Bureau
for Men

MADISON, Wis., Nov. 15.—Steady activity has marked operations in the labor markets of Wisconsin during the last weeks of the fall season. The demand, especially for common laborers, remained above the supply at the prevailing rates of wages for the whole month of October. Employers called for more men to finish up their jobs before the advent of frost, and the free employment offices at Milwaukee, Superior and Oshkosh have been kept constantly busy. Workmen changed jobs frequently and many refused offers of employment until they could find the kind of work that suited them.

Over 2900 men and 670 women were referred to employers in October by the four Wisconsin free employment offices. Of these, 1538 men and 331 women accepted the positions to which they were sent. Twenty-five hundred men and 600 women registered for work and employers called for more than 4200 men and 700 women.

The greatest demand was for general laborers on construction and street work. Next to them, railroad laborers were most in demand. The building trades came next, and after them farm hands were most in demand. Laborers for the woods and workers in the various metal trades were also greatly in demand. Other industries actively calling for help were woodworking and furniture, food products, hotels and restaurants and teaming and livery. Many opportunities for boys to learn trades were also offered.

Fifteen per cent of the total demand for men was for casual laborers to do short jobs. A very large part of the rest was seasonal work which will close up with the coming of the winter.

In the building trades about half of the men wanted were common laborers, one-third were skilled mechanics, and one-sixth were semi-skilled helpers. In the metal trades the proportions were 38 per cent skilled, 24 per cent semi-skilled or helpers and 38 per cent common laborers. In wood working the demand ran about as in the building trades. The greater part of the demand in other industries was for unskilled labor.

For women the greatest number of opportunities were in domestic service, hotels and restaurants, clothing

and textiles, food and kindred products, clerical work and casual labor at scrubbing and washing.

WIRELESS 2,000 MILES

PHILADELPHIA, Pa., Nov. 15.—Officers of the North German Lloyd line steamship Breslau, said their wireless operator broke all distance records for ship equipment when he flashed a message to Libau, Russia, from the English channel, a distance of 2,000 miles.

The message was to General Zylka, of the Russian army, notifying

him that his daughter, Miss Florence Zylka, had committed suicide, by jumping from the decks of the liner while on her way to visit her sister in Cleveland, Ohio.

MAGNATES CHOOSE COLUMBUS.
MILWAUKEE, Wis., Nov. 15.—Columbus, Ohio, was this afternoon chosen as the 1913 convention city of the National Association of Professional Baseball clubs in convention here.

A woman who talks like a book isn't so easily shut up.

ALLIES TAKE MANY THOUSANDS PRISONERS; IT'S EASIER TO CAPTURE A TURK THAN IT IS TO FIND SOMETHING TO FEED HIM

Turkish prisoners on march near Adrianople, guarded by Bulgarians who captured them.

According to all the stories that have come from the seat of the Balkan war it is much easier to capture a Turk than it is to feed him. Many thousands of Turkish prisoners have been taken by the allies, and how to feed them has become a serious problem.

The accompanying unusual photograph, which has just reached this country from the Balkan army at Adrianople, shows Turkish prisoners on the march being guarded by the Bulgarians who captured them.

A. H. DAHL URGES SEPARATE BALLOT

State Treasurer Says Constitutional Amendments Should Be Individual

MADISON, Wis., Nov. 15.—State Treasurer A. H. Dahl expressed himself today as in favor of a separate ballot for constitutional amendments. He pointed out that in the recent election nearly five times as many men voted for the woman's suffrage amendment, which was submitted upon a separate ballot, as did those who voted for the three constitutional amendments placed at the bottom of the state officers' ballot.

"These returns coming from all districts of the state show conclusively," he said, "that only about one-fifth of the people who voted for woman's suffrage voted for the three constitutional amendments. I think the next legislature ought to pass a law submitting all such amendments together upon a separate ballot. The opposition will immediately raise the question of expense. It must be remembered, however, that the legislature submits these questions to the people for their opinion, and they should be so submitted that the voters may pass upon them intelligently. The vote on woman's suffrage shows that the people will vote when the matter is brought to their attention. Had this amendment been placed at the bottom of the state ballot with the other three amendments, an entirely different result would undoubtedly have been recorded. I am thoroughly convinced that a separate ballot for amendments is the only remedy."

Europe's Oldest Hospital.

The Hotel Dieu in Paris is believed to be the oldest hospital in Europe. It is said to have been founded in 660. Not only the sick, but also pilgrims and mendicants, regardless of age, sex, condition, creed or nationality were admitted at all hours of the day and night; no regulations controlled their admission or departure. It was the most important of the forty-eight hospitals which existed in Paris in 1788 and in which during that year 35,000 sick and poor were cared for.

The Family on Probation.

"Why does your servant go about the house with her hat on?" "Oh, she's a new girl! She only came this morning and hasn't made up her mind whether she'll stay yet." —Stray Stories.

Fully two-thirds of what the average man says is of no consequence.

HERE IS A REAL DYSPEPSIA CURE

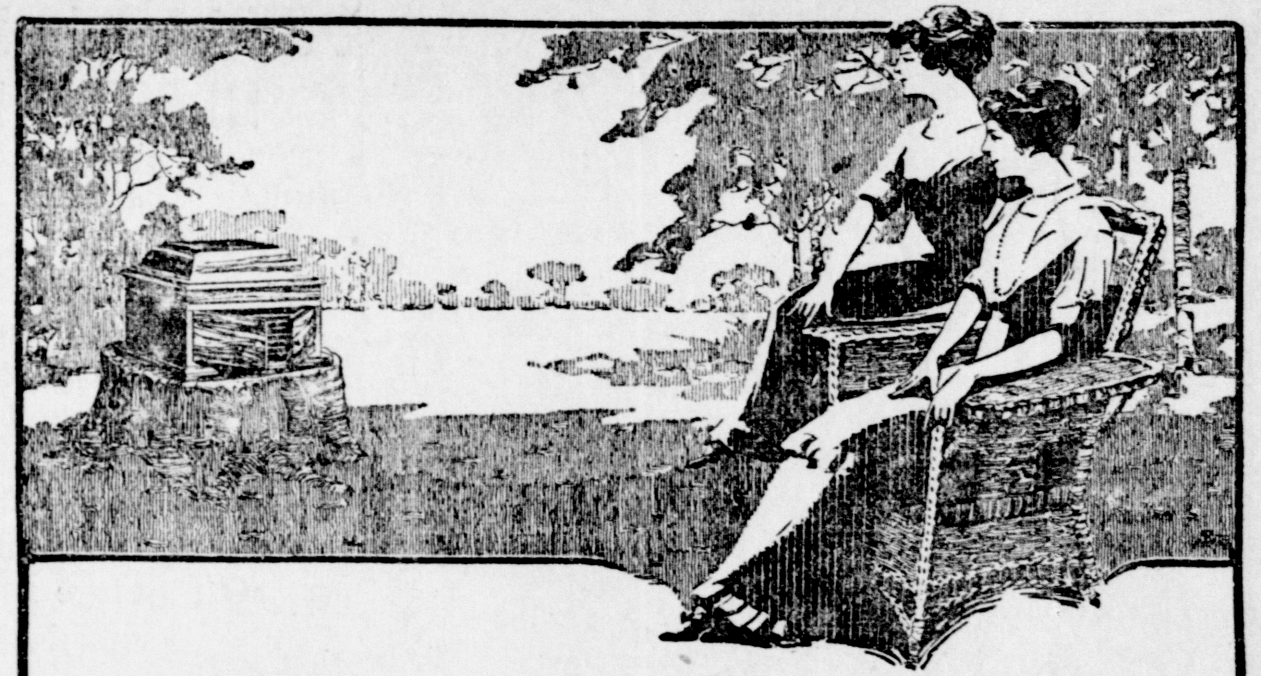

"Pape's Diapepsin" settles sour, upset stomachs in five minutes

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic jot this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. Diapepsin is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as Diapepsin comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made by getting a large fifty cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.—Advertisement.

EBERHART LOSES HIS OWN COUNTY

MANKATO, Minn., Nov. 15.—Blue Earth county has been found by the county canvassing board to have been carried by Ringdal instead of by Governor Eberhart, as the unofficial returns indicated.

It was supposed that Eberhart had carried his home county by eleven votes, but a mistake of twenty votes in Rapidan gives the county to Ringdal by nine votes.

U. S. COTTON REPORT

WASHINGTON, Nov. 15.—The census bureau's cotton report, issued today, showed:

Bales consumed during October 1912, 511,285; cotton in manufacturing establishments on October 21, 908,200 bales and independent warehouses 2,835,016 bales. Imports 10,576, equivalent 500 pound bales, exports, 1,515,741 running bales. Cotton spindles active during October 30,619,872.

BOY AND GIRL RUN AWAY AND MARRY

ST. PAUL, Nov. 15.—For the second time within a week a St. Paul couple is reported missing, and another elopement is thought to be behind the mysterious disappearance. Mary Kelly, 17 years old, 1619 Selby avenue, and Francis R. Williams, 18 years old, 1184 Portland avenue, young persons who had been frequently in each other's company, both left the city suddenly last Thursday.

INSANE SON CHASES PARENTS

RACINE, Wis., Nov. 15.—Wm. Redlien, 24, son of a prominent farmer at Rochester, Wis., is in jail here for safe keeping. He became violently insane yesterday afternoon and chased his parents out of the house with an axe and the neighbors called in were also driven to flight. The man took to the woods after this and a posse late last night found him and took him in custody.

MILWAUKEE GIRL SHOT BY ACCIDENT

MILWAUKEE, Wis., Nov. 15.—Miss Esther Silber, aged 17, 617 Tenth street, was shot through the right breast with a twenty-two caliber rifle in the Mandel shooting gallery, Third and Wells streets, yesterday afternoon. Although her lung is not punctured, the physicians say the girl's condition is serious.

Miss Silber is employed in a photograph gallery in the same room as the shooting gallery. She was standing behind the counter, H. Wolf, in charge of the rifles, was cleaning one of the weapons when it was discharged.

He Had a Specialty.

"A young man should learn to do one thing well. This is an age of specialists. Is your son conforming to that rule?"

"In a way. His specialty is rolling cigarettes."—Louisville Courier-Journal.

The Higher Education.

A country minister met a farmer parishioner and asked:

"Is your son going back to college this fall?"

"Yes, he is, doctor," the farmer answered.

"But he's got his degree," said the minister. "What's the matter? Doesn't he know enough to suit you?"

"He knows enough book learnin'!" said the farmer, "but from the way he's been helping with the harvestin' of the crops I think he needs a few more athletics."

Men in Petticoats.

The petticoat was first worn exclusively by men. In the reign of King Henry VII. the dress of the English was so fantastic and absurd that it was difficult to distinguish one sex from the other. In the inventory of Henry V. appears a "petticoat of red damask, with open sleeves." There is no mention of a woman's petticoat before the Tudor period.

Distance sometimes lends enchantment to a man's view of his mother-in-law.

NEW DISCOVERY QUICKLY CURES KIDNEY AND BLADDER TROUBLES

Chronic Sufferers Find Relief After Few Doses are Taken

If you are bothered with backache—or rheumatism, have disagreeable, annoying bladder or urinary disorders to contend with—or suffer with any other of the many miseries that come from weak kidneys, here is a guaranteed remedy you can depend upon, no matter what else may have failed to cure you.

It is a positive fact that the new discovery, Croxone, permanently overcomes such diseases. It is the most wonderful remedy ever made for ridding the system of uric acid. Pills, tablets and other remedies at the best merely stimulate the kidneys, giving temporary relief. Croxone removes the cause and cures the troubles.

It soaks right in and cleans out the stopped up kidneys and makes them filter and sift out all the poi-

sonous waste matter from the blood. It neutralizes and dissolves the uric acid that lodges in the joints and muscles, causing rheumatism, a sooths and heals the delicate linings of the bladder; and puts the kidneys and urinary organs in a clean, strong, healthy condition.

More than a few doses of Croxone are seldom required to relieve even the obstinate long standing cases, while it cures the most severe forms of kidney, bladder trouble, and rheumatism in a surprisingly short time.

You will find Croxone entirely different from all other remedies. There is nothing else on earth like it. It is so prepared that it is practically impossible to take it into the human system without results. An original package costs but a trifle at any first class drug store. All druggists are authorized to personally return the purchase price if Croxone fails to give the desired results the very first time you use it.

PLAN NEW HOTEL

MILWAUKEE, Wis., Nov. 15.—Nat Stone, president of the Hertzfeld-Phillips company, has purchased the Sercomb property on Fourth street, between Grand avenue and Sycamore street, upon which he will erect a modern hotel building to cost approximately \$300,000.

BANQUET ENDS MEETING

MILWAUKEE, Wis., Nov. 15.—A banquet attended by several hundred members from throughout the state closed the forty-ninth annual reunion of the affiliated bodies of the Ancient Accepted Scottish Rite Masons last night in the Masonic temple, Jefferson and Onondaga streets.

RELIABLE HOME TREATMENT FOR WHISKEY AND BEER HABIT

The ORRINE treatment will completely and absolutely destroy the desire or craving for whiskey, beer and other intoxicants if taken according to directions. It is a simple and efficient home remedy. No detention from work or business; no publicity; no sanitarium expense.

"We have been selling ORRINE for a number of years and know of several cases that have been positively cured of the 'Drink Habit.' We recommend ORRINE to those who need such a remedy."

ORRINE is prepared in two forms: No. 1, a powder, tasteless and colorless, can be given secretly in food or drink; ORRINE No. 2, in pill form, is for those who wish to cure themselves. ORRINE costs only \$1.00 a box. If after a trial you fail to get any benefit from ORRINE your money will be refunded. O. T. Erhart, 518 Main St.—Advertisement.

FIRE IN DOUBLE HOUSE

JOSEPH GEIOWITZ FAMILY ROUTED BY FLAMES—GEORGE OLSON IS SMALL LOSER

A fire of unknown origin at the home of George Olson and Joseph E. Geiowitz, 813 and 815 South Eighth street, destroyed property to the amount of \$500.

The fire is believed to have been caused by defective wiring. It was discovered at 9 o'clock this morning by one of the occupants of the house. Fire companies Nos. 1 and 3 both answered the call but were unable to stem the headway of the fire until the greater part of the roof had been destroyed. The fire was confined to the part occupied by the Geiowitz family but water was thrown into the Olson apartment to prevent its spread.

Much of the furniture was removed by spectators. The loss of furniture will amount to about \$150 and the damage to the house to \$250. Both were covered by insurance. The house is owned by Cornelius Lynch, Ettrick.

Company No. 3 was called to a small chimney fire at Fifth and Ferry streets at 8 o'clock this morning but no damage was done.

JUDGE URGES THE JURY TO FIGHT

FORT WORTH, Texas, Nov. 15.—"If any man tries to talk to you about this case, knock him down, and spit in his face. If you are arrested for such violence, I will release you."

This was the statement of Judge Swayne here today in addressing the veniremen summoned in the trial of J. B. Snead, who is facing his second trial for the killing of Captain Boyce. The veniremen are under a strict guard at the court house. When court recessed at noon today, seven jurors had been seated.

OLE JOHNSON, OLD RESIDENT, IS DEAD

Ole Johnson, aged 78, 1502 Mississippi street, died last night at 8 o'clock, at his home, of a complication of diseases. He had been ill but a few days. Mr. Johnson immigrated to this country from Norway in 1879 and settled in Rushford, Minn. He lived there about a year, and then came to La Crosse, where he was employed first in a sawmill and later as a milk dealer. He is survived by a widow. Funeral arrangements will be announced later.

CARD OF THANKS.

We, the undersigned, wish to extend our sincere thanks to relatives and friends for kindness and sympathy in the bereavement of our infant son. Especially do we wish to thank Rev. J. Gamm, Rev. J. Bergholz, and for the beautiful floral offerings.

MR. AND MRS. C. PETERS.

DAGO FRANK TESTIFIES

FOURTH GUNMAN DENIES TO JURY ALL PART IN MURDER OF HERMAN ROSENTHAL

NEW YORK, Nov. 15.—When the trial of the four gunmen accused of killing Herman Rosenthal opened today, Dago Frank Cirofici was the first witness to take the stand. He was the last of the prisoners to face the jury with his story. He was prepared to offer an alibi as defense. The evidence for the four prisoners was expected to be concluded today.

Dago Frank swore that he never knew Rosenthal, and corroborated the testimony of his three companions when they said that Bald Jack Rose had lured them to the scene of the murder in order to incriminate them.

Harold Marshall, assistant district attorney under William T. Jerome, followed Dago Frank and testified that Shapiro, chauffeur of the murderer, had told him that Vallon and Scheppe were occupants of the car when it left Forty-second street just before the shooting.

John J. Hickey, an eyewitness of the murder, said he was standing outside the hotel when Rosenthal came fourth and that the fatal shot was fired by a man who stood alone against the wall.

"He fired at Rosenthal," said Hickey, "and then ran northward toward Sixth avenue. The man wore a cap and I could see only half of his face. He had a long sharp chin and a long nose."

Hickey said that "Boob" Walker was with him and saw the killing of Rosenthal. His testimony was corroborated by Patrick Waglen, who said that he was standing across the street.

No need to go south for the winter. Read page 7.

PEEPER ARRESTED

MILWAUKEE, Wis., Nov. 15.—A man who gave his name as Otto Hahn was arrested early Thursday morning by Patrolmen Emil Bietow and Paul Rhode while peering through a window of the home of Otto E. Fick, 318 Eighteenth St.

For the last month women residents of the west side have been terrorized by the operations of a "Jack the Peeper." A man followed Mrs. Fick from the street to her home Wednesday night. The police were notified and arrested Hahn.

Hahn was fined \$10 in district court on Thursday morning.

WOMEN BECOMING TOPERS

WASHINGTON, Nov. 15.—Women are becoming the heaviest drinkers of intoxicants in Washington, according to Albert E. Shoemaker, attorney of the anti-saloon league, in an address before the Women's Christian Temperance union, Furthermore, according to the attorney, the fair sex are more addicted to the stronger alcoholic drinks, while the men are becoming satisfied with a place on the water wagon.

PUT LAMB'S LEG IN ARM'S PLACE

Human Patient Supplied with Missing Arm by Unique Operation

REMOVE ORGAN FOR REPAIRS

Stomach Taken Out of Invalid and Cancer Cut Off Before It Is Replaced

NEW YORK, Nov. 15.—Dr. Mary Rushmore, woman surgeon, made a bitter protest today against the action of her male associates of the surgeons congress in absenting themselves from her clinics.

"They were afraid to come," she said. "They know that we women can show them some things and they are afraid to be shown."

Dr. Rushmore complained that no man looked on when she performed three major abdominal operations at the infirmary for women.

Selecting a healthy young lamb, Dr. Walter Ambriekner, amputated one of the animal's legs and grafted it on the body of a patient with only one arm at Mount Sinai hospital. The piece of bone was much like that of a human arm and the process of knitting, said the surgeon, will take only a few weeks.

At the Post Graduate hospital, Dr. Robert Abbie removed the stomach of a patient today, cut a cancerous growth from the organ and then replaced it. While the surgeon worked the stomach was held above the body with catgut and treated with a solution of iodine.

Dr. H. J. Gauffer, surgeon-dentist, wired together the broken jaws of a woman who had fallen down four flights of stairs and crushed her face beyond recognition.

Tonight Dr. John B. Murphy of Chicago, will deliver a lecture on surgery of the bones and joints.

A Thanksgiving turkey goes with your new overcoat at the Continental.

GIVE INFORMER REST

M'MANIGAL TAKEN OFF STAND AND CLARK WHO CONFESSED WILL BE CALLED NEXT

INDIANAPOLIS, Ind., Nov. 15.—Edward Clark, the Cincinnati defendant in the dynamite conspiracy trial, who at the outset changed his plea to guilty and expressed a willingness to tell his story, was expected to take the witness stand late this afternoon or early tomorrow. He was expected to tell in detail the work of the dynamite plotters in Cincinnati and Cleveland and to corroborate parts of McManigal's sensational evidence. Because there were some 100 witnesses here from the Pacific coast and elsewhere who had waited long to testify, McManigal's testimony was interrupted today.

KILLS WIFE AND SELF

PITTSBURGH INSURANCE AGENT SHOOT TWO WOMEN AND THEN COMMITS SUICIDE

PITTSBURGH, Pa., Nov. 15.—John Addison Matthews, an insurance agent, on Thursday shot and killed Blanche Gilger and Mrs. Pauline Matthews, his first and second wives, respectively, and then committed suicide. It is said that Matthews, who was 36 years old, was despondent over domestic troubles.

How his first wife happened to be in the apartments probably never will be known. Matthews left two letters, one to his father, living in St. Petersburg, Pa., inclosing a will, and the second written to a brother, living here, said:

"At the time you receive this line I will not be among the living. Don't let any one see this letter. I am tired of life."

Solo tournament Sunday afternoon, Nov. 17, held at Green Bay Hotel. Warm lunch will be served. All cordially invited. Mat Wiltner, Prop.

CONFER ON OIL LINES

WASHINGTON, Nov. 15.—In order to determine whether government will permit oil companies to transport their own products through pipe lines owned by them, President Taft, Attorney General Wickersham, Commissioner Lane of the interstate commerce commission and Representatives of practically all the big oil companies held a conference today.

The interstate commerce commission has defined a pipe line as a common carrier. Under the commodities clause of the Hepburn rate law, a common carrier cannot transport its own products. Some compromise plan will be mapped out.

Wigg—Closefit says he tips the scales at 200 pounds. Wagg—I notice he never tips the walter more than a dime.

Poets write about love in a cottage, but their typewriters break down when they attempt to portray love in a flat.

SUPERVISOR HITS LOCAL ASSESSORS

Dane County Income Tax Chief Says Personal Property Is Undervalued

MADISON, Wis., Nov. 15.—(Special.)—Many local assessors in this county are taken to task by H. V. Cowles, supervisor of incomes for Dane county, for gross undervaluation of property in the past, in his report to the county board this week. After making some \$60 inspections of personal property and fixing a true value thereon, Mr. Cowles recommends the increase of the assessors' valuations all the way from 3 per cent to 112 per cent in various districts. In four districts he proposes an actual decrease in the valuation. In these, the local assessor has made a good assessment at a full value requirement. Mr. Cowles recommends an increase in the valuation of property in the county as a whole of 28.8 per cent. Not all local assessors are criticised.

Mr. Cowles' report contains the following figures: Value of all property in the city of Madison (estimated), \$14,890,018; assessments, \$39,533,365; real estate assessment in Dane county, \$91,324,419; true value recommended, \$114,873,074; personal property assessed in county, \$13,277,369; true value recommended, \$19,864,953; app property assessed at \$104,601,788; true value recommended, \$134,733,627.

START \$173 000 TRIAL

MAN ACCUSED OF HUGE THEFT FROM THE GOVERNMENT FACES JURY TODAY

CHICAGO, Nov. 15.—Following the completion of the jury late yesterday, the trial of George W. Fitzgerald for alleged theft of \$137,000 from the United States sub-treasury here, began today.

In his opening statement, Assistant District Attorney Ellwood Gottman declared the government expected to prove that the treasurer and assistant treasurer were furnished with only part of the combination to the sub-treasury vault and that neither could open the safe without the other's assistance. The prosecution planned, he said, to prove by elimination that the only place where it was possible for the money to be stolen, was in the teller's cage, which was under Fitzgerald's supervision.

Every woman whose husband is a failure is sure he would have been a howling success had he followed her advice.

"Rascal" was a term originally applied in England to a lean and worthless deer.

Rascal.

"She gave in and permitted me to slip a ring upon her fingers only when I said that we would let bygones be bygones and start in with a new slate," Quigley testified.

WOMAN DEFENDANT EXPLAINS COMPOSURE

COLUMBUS, O., Nov. 15.—Miss Cecelia Farley's composure in court during her trial for the murder of Alvin E. Zollinger, her married sweetheart, was partly explained today when she said:

"I wish to wipe out the impression that I am indifferent as to the outcome of my trial. I am not hard-hearted and oblivious to my surroundings just because I do not weep in court."

The state was to finish today and the defense will begin Monday, Jerome B. Quigley, her fiancé, told the jury late yesterday how Miss Farley had reluctantly consented to become his wife.

"She gave in and permitted me to slip a ring upon her fingers only when I said that we would let bygones be bygones and start in with a new slate," Quigley testified.

STRUM-SIMON TEAM DEFEATED

Schulz and Muenster Take First Set in "Y" Handball Tournament

The first games in the Hand Ball Tournament at the Young Men's Christian association were played yesterday. Thirty-two men were entered and the games will be played almost every day. The first round must be over by November 30, after which the eight winners and eight losers play off. The games are open to spectators and everyone is invited to attend and cheer their favorites.

Following is the score of yesterday's games and list of entries and who they play:

I	1	2	3	4	5	6	7
Strum & Simon	2	0	4	6		
Schulz & Muenster	12	14	18	21		

II	1	2	3	4	5	6	7

TUBERCULOSIS IS CAUSE OF CRIME

Disease Makes Orphans Whom Neglect Turns Criminal Declares Physician

According to a statement made today by Dr. Rock Sleyter, physician to the state prison at Waupun, eighteen per cent of the prisoners give a history of coming from families in which there has been consumption.

This statement confirms other evidence that tuberculosis is a factor in causing crime. "Tuberculosis causes more orphanage than any other disease or cause of death, claiming its victims from the age of young parenthood. That criminals should grow out of neglect during childhood is so evident as to need no argument," according to the doctor. "A child left to shift for himself, through the death of his father or mother takes up associations which are both bad for his health and bad for his morals."

It is believed that, if facts were available, it would be found that no less a proportion of minor criminals, those found in county jails and village lockups, would show similar histories.

That the county sanatorium for tuberculosis would have some effect in reducing the amount of crime and the number of criminals is not at all inconceivable.

MAN 81 NATURALIZED

OLDEST MAN IN HISTORY OF MILWAUKEE GETS HIS CITIZENSHIP PAPERS IN THREE MINUTES

MILWAUKEE, Wis., Nov. 15.—The oldest man naturalized in Milwaukee was granted papers of citizen ship Thursday afternoon by Judge Ludwig in circuit court.

He is John Dunn, 81 years old, retired, 730 Thirty-second street. Mr. Dunn was born in Ellinore, Ireland, on June 24, 1831. He landed in New York in 1839 on Christmas eve and looked at the battery for the first time when the city extended from river to river and the furthermost northern boundary was Twenty-third street. The ship he crossed on was a sailing vessel, which was buffeted across from Liverpool in two months and four days. In 1846 Mr. Dunn made the trip westward, and after nearly a year's journey by prairie schooner, foot and horse, he arrived in Wisconsin.

Indians still held possession of the hunting grounds of the state and Milwaukee was half settled. When the war broke out Mr. Dunn fought for the union. Later he came back to Wisconsin and settled. From the time of the close of the war Mr. Dunn considered himself a United States citizen.

Last spring, following the passing of the new law, Mr. Dunn discovered he was not a citizen of Wisconsin or the United States. He finally appeared before Judge Ludwig on Thursday to obtain the papers. Two witnesses, Walter Dunn and Michael Flynn, had known him since 1864. He was granted his papers in less than three minutes.

KILLS SELF WHEN WIFE SCOLDS HIM

MILWAUKEE, Wis., Nov. 15.—Not having money enough to pay his board bill and being upbraided by his wife as a spendthrift, Frederick Kaufman, 22 years old, a teamster working for the Lincoln Transfer company, attempted suicide by drinking carbolic acid at his home, 1142 Fifth street, Thursday afternoon, according to his own story and that of his brother. He was taken to Emergency hospital, where his condition is serious.

Kaufman came home from work at 6 o'clock, according to his brother, and went into the parlor, where his wife sat. He told her he could not pay the board and heated words followed. Kaufman left the room and went to the back porch, where he drank the acid. He came back into the parlor in a few minutes and told his wife of the act. She screamed and then fainted.

The brother, who came in upon hearing the scream, telephoned for the ambulance. Kaufman's mouth and throat are badly burned and his recovery is doubtful, say physicians.

NORMAL SCHOOL BREAKS RECORDS

373 Students Enrolled at
Local Institution for the
Second Quarter of
the Year

With the beginning of the second quarter of the school year, the La Crosse normal school reported the record breaking enrollment of three hundred seventy-three students. This is the greatest attendance which the state institution has experienced at this time of the year in all the years of its history. Twelve new students enrolled Monday and others are continuing to come in. Those from out of the city are Della M. Soderstrom, Pepin, Wis.; Clara L. Tritsch, Buffalo, Wis.; Isabel A. Burns, Eau Claire, Wis.; Elmer Keller, Alma, Wis.; Dorothy Alleman, Conrad, Mont.; Edward Murphy, Caledonia, Minn. From La Crosse, Vivian M. Hanson, Grace V. Bovee, Geneva J. Jensen, Alice A. Combellick, Louise MacArthur and Margaret Tausche. Ten enrolled in the regular normal course and two in the college course. Professor Harry Packman, organist of Christ church, next Monday afternoon will present the faculty and students of the normal school with his annual gift, an organ recital. Professor Packman never fails to satisfy and always creates a splendid impression and the students are looking forward to his recital with great anticipation. One of the features of his program will be the rendition of Greig's "Peer Gynt" Suite.

HAVE NEW DEFENSE TO AVOID DEBT

CHICAGO, Nov. 15.—Corporations not licensed to do business in Illinois could laugh at their creditors if a novel defense made in a Chicago trial should have judicial approval, and as a result the "outlaw" concern would have the advantage of those that are licensed. The defense was that the defendant corporation, although it has been doing business amounting to millions of dollars, with citizens of Illinois and other states, could not be used for an admitted debt if it had failed to secure a license to do business in the state. There are thousands of foreign corporations doing business in Illinois, many without licenses, any of whom could take advantage of the technical immunity boldly pleaded by one of them, should the Illinois law relating to foreign corporations prove to be a bar to the enforcement of contracts and debts. The defense was raised in a suit brought by C. F. Ross to recover on a contract with a Florida land company, the New South Farm and Home company.

Buckle's Unfinished Work.

Buckle's aim was to trace the history of civilization, and from an early age he set himself to that stupendous undertaking. For twenty years he worked in silence and unknown and then published three volumes, which at once raised him from obscurity to the position he deserved. But his book, though long, was only an introduction to his great scheme, a mere study for the important picture he had planned. Yet it was all that he was destined to perform. Worn out by his efforts, he went to the east in search of fresh vigor and passed away at Damascus, exclaiming in his last moments of consciousness: "My book, my book! I shall never finish my book!"

Unexpected Answer.

It was at the seaside and there was no doubt he had neglected the belated maiden of uncertain age and qualified attractions.

"Why is it you never compliment me, Mr. Flynn?" she plaintively asked him one day.

He was a nifty young man and he came right back.

"Would you have me paint the lily or gild refined gold?" he demanded.

"Ye-es," she tremulously replied.—Cleveland Plain Dealer.

Harvard.

Harvard college was founded at Cambridge, or, as it was then known, Newtown, Mass., in 1636.

The Violin.

Each instrument excels in some particular passage, the piano in scale passages, the harp in arpeggio, the mandolin in the rapid repetition of one note, the banjo in the rapid playing of broken chords, and so with other instruments, but the violin can beat them all on their own ground, while there is much violin music that can be played on no other instrument.

A girl's idea of a tiresome man is one who has sense.

Astrology.

Astrology is as ancient as history itself. When we first hear of human society we find along with it the "excellent foppery of the world," as Shakespeare called astrology. Astrology was cultivated by the Chaldeans, Egyptians, Greeks, Romans and all other ancient peoples. So strong was the art or conscience that it refused to go down in the general smash up at the close of the old Roman rule, but held on and was powerful all through the middle ages. It was only with the advent of modern science and enlightenment as to nature's laws that the old science of the stars and fates declined.—New York American.

BUFFALO BILL RETIRES

NORTH PLATTE, Neb., Nov. 15.—Enroute for Cody, Wyo., where he will start an extensive hunting trip, Colonel W. F. Cody, showman, stopped over a few hours in North Platte today visiting with friends near his old home here. "Buffalo Bill" is out of the saddle for good, he told his old neighbors yesterday.

The weather is never too hot or too cold to discourage the man with a subscription paper.

Disinfectants are so cheap that people no longer refuse to accept tainted money.

SPOTLIGHTS

"A MODERN EVE"

The season's greatest musical comedy triumph, "A Modern Eve," which Mort H. Singer imported from Berlin and presented in Chicago to record breaking audiences for two hundred and fifty performances, will be the attraction at the La Crosse theater for an engagement of one night, Tuesday, November 19. Among the well known principals included in the large cast are Frank Deshon, George Drew Hendum, Ruth Peebles, Bertie Beaumont, William Kent, Carl Stall and Lee Johnstone. Because of the many clever numbers requiring girl ensembles, the large beauty chorus attracts more than ordinary interest in "A Modern Eve," and Frank Smithson, in staging the musical comedy, has provided the chorus with several lively and novel dances. The popular tune of the year, "Good-bye Everybody," a waltz by Jean Gilbert, who collaborated with Victor Hollander on the music of "A Modern Eve," is one of the many remarkable song hits included in the score of "A Modern Eve." Among the other effective numbers are "Hello, Sweetheart," "Rita, My Margarita," "Is the Girl You Married Still the Girl You Love?" and "You're Such a Lonesome Moon Tonight."

FISKE O'HARA

Fiske O'Hara in Augustus Pitou, Jr.'s splendid production of "The Rose of Kildare," will be the attraction at the La Crosse theater on Wednesday, November 20. The play is from the joint pens of Edward Paulton, who adapted "Erminie," and "Little Boy Blue" and other successful musical comedies, and Charles Bradley, author of "Her Son." As a romantic drama "The Rose of Kildare" stands far above all other Irish plays of the present day. The story is well wrought and is permeated with a characteristic atmosphere that is charming. It deals with the adventures of a young Irish aristocrat, Gerald O'Donnell, who has become connected with the insurrection that spread all over Ireland in 1798. He goes to France to obtain aid for the rebels from the French government and returns with an expedition which is wrecked on the shores of Wicklow. Gerald is saved and plays a trick on the military, who are searching for him and gets them, unwittingly, to carry him to Ballymara Castle, the home of his fiancée, Lady Moya Fitzpatrick. "The Rose of Kildare," Gerald has an enemy in the person of Brian Burke, a loyalist who is active in aiding the government against the insurgents. This Burke has been an unsuccessful suitor for the hand of Lady Moya and detects Gerald, who has won it. Burke discovers the trick that has been played on him and the soldiers and organizes a pursuit of O'Donnell, who is at last caught in the Wicklow mountains. The young patriot is brought back a prisoner to Ballymara Castle, which is now occupied by the king's troops and at a hastily convened court martial, controlled by Burke, he is condemned to be shot. As he is being led out to execution Adelaide Fancourt, who has been an aide to Burke, becomes remorseful and reveals the fact that Burke has a copy of a proclamation of amnesty from the crown and is holding it back so that Gerald may be slain. Burke is arrested for attempted murder and O'Donnell is set free, to join his beloved, Rose of Kildare. The story is well told and abounds in clever comedy and delicate dramatic situations which are splendidly handled by Mr. O'Hara and his clever company. Tuneful Irish songs abound in the piece, all of which were specially written for the play by Edward Paulton, one of the authors. The scenic and costume enhancement of the play are unusually fine, as might be expected of a Pitou production of any play and there is a fine company in which are such clever people as Constance Mollenau, Mildred Leverly, Marie Quinn, Kate Glover, Fieese Buckley, Harriet Kane, Carroll Daly, J. D. Sullivan, Dean Raymond, John C. Hickey, Frank Cullen, James E. Miller, Garrett McKinley and Jack Grace.

DISMISS WILSON CASE

ALLEGED GO-BETWEEN IN LORIMER JACKPOT TRIAL ALLOWED TO GO FOR LACK OF EVIDENCE

CHICAGO, Nov. 15.—Upon a motion by Assistant State Attorney Arnold, the case against Representative Robert E. Wilson, charged with perjury in connection with the trial of Lee O'Neil Brown, was dismissed by Judge Kersten here yesterday, during the Brown trial for alleged Jackpottism, Wilson denied being a go-between for Brown and other Jackpotters.

In his motion Prosecutor Arnold declared that Michael Link, an alleged Jackpott and material witness for the state is dead and that Chas. White, the informer, had disappeared. Without these two, he said, the state could not hope to continue the prosecution.

To Relieve Rheumatism

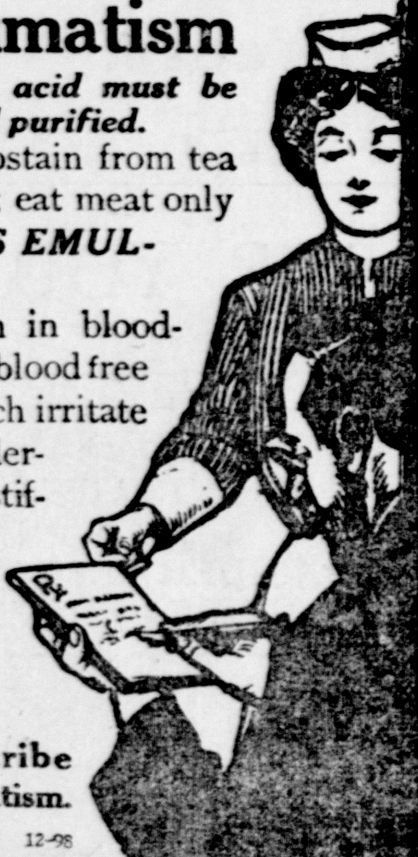

the body-waste producing uric acid must be gradually arrested and the blood purified.

Correct diet is essential. Abstain from tea and anything containing alcohol; eat meat only once a day and take SCOTT'S EMULSION after every meal.

SCOTT'S EMULSION is rich in blood-making qualities and makes new blood free from the poisonous products which irritate the joints and muscles; its wonderful powers relieve the enlarged, stiffened joints; and more, SCOTT'S EMULSION replaces body-weakness with sound body-strength by its concentrated nourishing properties.

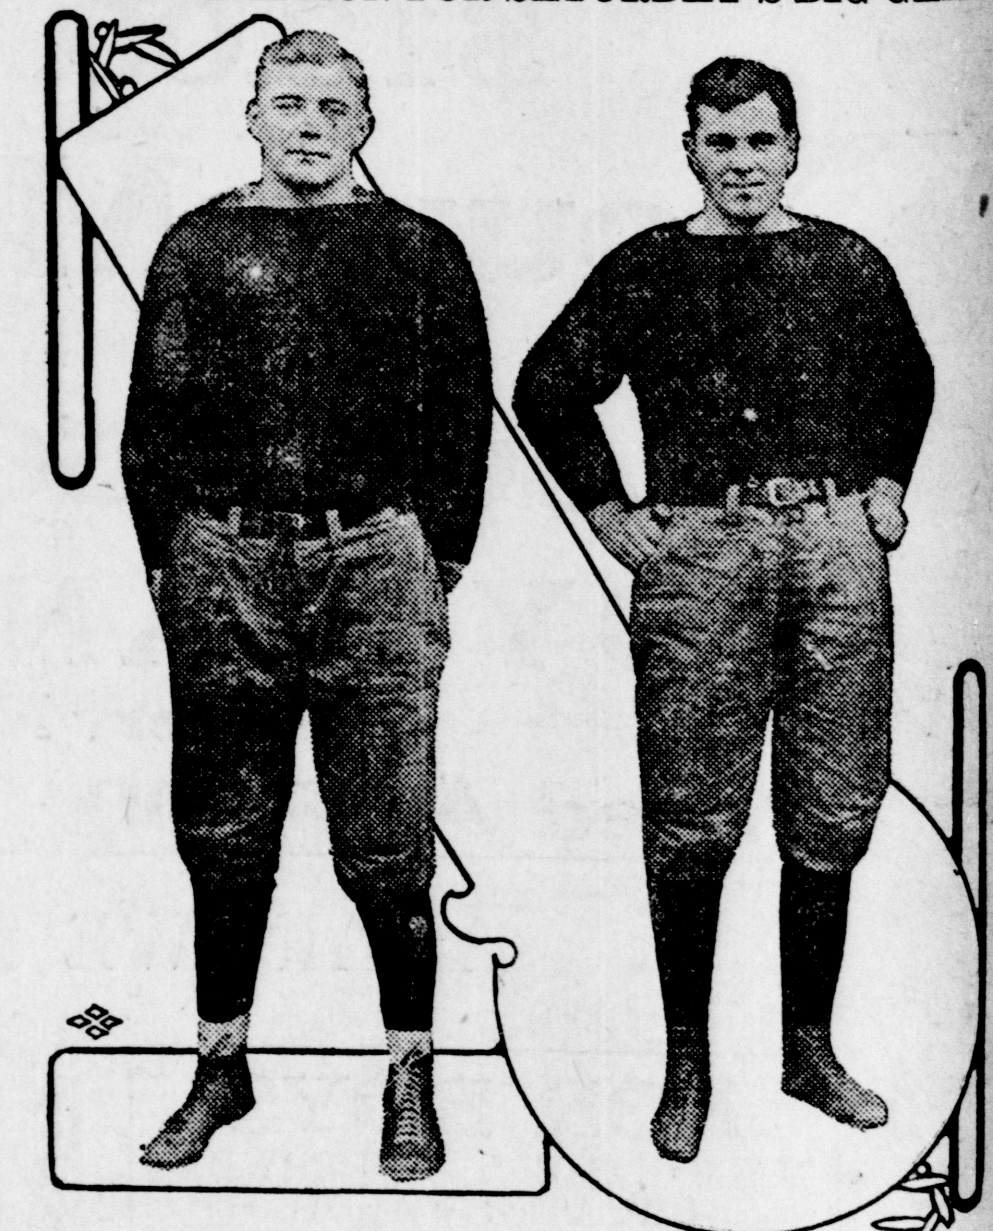

Physicians everywhere prescribe SCOTT'S EMULSION for rheumatism.

SCOTT & BOWNE, Bloomfield, N. J.

When a woman finds herself the head of the house the first thing she does is to invest in a new hat for the head.

WISCONSIN STRAINS EVERY NERVE IN PREPARATION FOR SATURDAY'S BIG GAME

"Tubby" Keeler (at the right) and Right Tackle Butler.

Wisconsin is straining every nerve this week in preparation for her contest with Minnesota on Saturday for the western conference championship. In spite of the fact that the Badgers cleaned up everything in sight this season, including the University of Chicago, they are not going to repeat the last half of the 1911 season, when over-confidence cost them a championship.

Among Wisconsin's star players this season are Keeler and Butler. Keeler, who plays at right guard, is the biggest surprise at Wisconsin. Though but a sophomore he has made good with a vengeance on the varsity. Butler, whose job is right tackle, is one of the best tacklers in the conference. In the Chicago game he distinguished himself by making a fifty yard dash for a touchdown.

The Charge of the Light Brigade

The most gallant charge in history at Balaklara, Oct. 1854, during the Crimean War, immortalized by Tennyson's Famous Poem, is here reproduced on a scale of tragic grandeur never before reached in Motion Pictures. There is a thrill in almost every scene reaching a climax which is undescrably touching.

SEEN AT THE BIJOU

TONIGHT AND SATURDAY.

RED RUIN OF MASSACRE AND OUTRAGE FEARED IF VICTORIOUS ALLIES ENTER TURKISH CAPITAL; MOSLEMS HUMAN WOLVES

At the left—Pera, known as the 5th avenue of Constantinople; right—Constantinople general post office.

"At any moment the storm may break and involve us in the red ruin of massacre and outrage," writes the Constantinople correspondent of a London newspaper. "For 500 years the Turk has lorded it over the infidel. The last hours of that ascendancy, it is feared, may be dyed in blood."

Over fifty warships of the European powers are now in Turk waters. If the threatened massacre of Christians in Constantinople is begun these warships will assist the allies in curbing the infuriated Moslems.

REACHES FOR APPLE KILLED BY TRAIN

MILWAUKEE, Nov. 15. — Mrs. James Oliver, wife of a prominent resident of Waupun, Wis., died at the Milwaukee Emergency hospital at noon today following frightful injuries sustained this morning while waiting for a train at the Waupun railroad station. Mrs. Oliver dropped an apple from her muff and in an effort to regain it fell in front of an approaching train. She suffered a badly fractured skull and a fracture of the left limb, beside other injuries.

TELLS RAILROADERS SAFETY MEASURES

Many employees of the Burlington railroad and their families attended the Lyric theater last night, where a free lecture on railroad safety appliances, illustrated with stereopticon views, was given by F. B. Thomas, lecturer for the Burlington railroad safety bureau.

The views shown were pictures of the many ways in which negligence may cause injury to the traveling public or to railroaders. In connection with this the lecturer cited statistics which showed the percentage of chance of injury in the several different branches of railroad service.

The lecturer made the point that the greatest number of accidents to railroad men occur, not through derailments and collisions, but in other ways in which safety could be secured by more careful attention to the work in hand.

The lecture is being delivered at division points of the Burlington road all along the line, and has aroused interest wherever it has been heard.

Buy that winter suit or overcoat now, and get your Thanksgiving turkey free.

Married Women in Quebec.

It is said that there is no married woman's property act in Quebec. If a woman marries without a contract, and this often happens, her husband owns all she has, all she earns and all she may inherit.

Perfection.

Briggs—You call on the Dimpletons very often. What sort of children have they? Griggs—Perfect! Best in the world. Briggs—Tell me about them. What are they like? Griggs—Oh, I've never seen them!—Brooklyn Life.

Clockmaking.

Clockmaking was revolutionized in 1837 by the invention of one day clocks with brass movements.

ELSEN & PHILIPS

110 SOUTH SECOND STREET

CHARITY BALL MOST BRILLIANT IN ITS HISTORY

(Continued from Page One)

was forced several times to replenish the big bowl, so fast did the dancers cause the delicious concoction to disappear.

The supper room was thrown open at 10:30, and from that time until midnight was the mecca of the guests. The room was prettily decorated with flowers. The following menu was served:

Chicken Salad.
Ham. Sandwiches.
Pickles. Olives. Coffee.
Ice Cream.
Cake.

The Committees

The committees in charge of the charity ball follows: General chairman, Mrs. George H. Gordon; assistant chairman, Mrs. George W. Burton; hall and music, Mrs. John A. Bayer and Mrs. Arthur P. Hankerson; tickets, Mrs. George W. Burton, Mrs. Albert Hirschheimer, Mrs. J. W. Skinner; hall furnishings, Mrs. C. J. Felber, Mrs. J. J. Ablett; hall decorations, Mrs. Charles S. Cone, Mrs. E. C. Bartl, Mrs. W. D. Iden, and the Misses Margaret Crosby, Gunt, Mabel West, Ruth Colman, Louise Easton, Henrietta and Katherine Martindale; dining room, Mrs. W. R. Finch, Mrs. E. E. Dow, Mrs. E. F. Marston, Mrs. Gertrude Harrison; soliciting, Mrs. B. C. Smith, Mrs. J. L. Callahan, Mrs. Hattie M. Ray, Mrs. T. H. Spence, Mrs. J. A. Rowles, Mrs. F. C. Sulter, Mrs. Tiffany, Mrs. W. G. Moss, Mrs. D. G. MacMillan, Mrs. A. F. Reitzel, Mrs. F. E. Davis, Mrs. C. C. Looney, Mrs. J. M. Holley, Jr., Mrs. W. F. Goodrich, Mrs. R. C. Whelpley, Mrs. R. M. I. Kinneary; supper, Miss Anna Goodland, Mrs. John Brindley, Mrs. Josephine Jones; punch room, Mrs. Mary Northam, Mrs. Henry Gund, Mrs. Emma Crosby.

Charming Gowns

According to general consensus of opinion, there has never been a function in the city at which more elaborate toilettes were displayed. A number of imported gowns were seen, and many were remarkable for their elegance.

Mrs. George Burton wore a gown of primrose charmeuse en train, trimmed with a wide band of Venetian lace.

Mrs. C. J. Felber was garbed in handsome cream-colored net over yellow skirt edged with maroon. Miss Eustis wore green tulle trimmed with narrow bands of fur and a drape of chiffon with silver sequins.

Mrs. John Bayer in champagne marquisette with gold bands. Mrs. H. J. Hirschheimer, pink marquisette with chiffon drape. Miss Ruth Cleveland, Waterloo, Iowa, old rose charmeuse. Mrs. Robertson, white marquisette.

Mrs. L. P. Benezet was dressed in watermelon pink charmeuse, trimmed with shadow lace. Miss Mabel West, white chiffon, with shadow lace. Miss Louise Easton, white chiffon with an overdress of point d'esprit lace and gold trimming. Mrs. A. R. Nelson, white marquisette with pink. Mrs. E. C. Bartl wore black velvet with gold embroidery. Miss Marion Dorset, golden brown voile with bands of gold and brown embroidery, and hat of cloth of gold. Miss Elsie Ott, white satin gown, accordion pleated, with drape of white chiffon embroidered with red and red slippers, and a corsage bouquet.

Mrs. George Gordon was gowned in cell blue charmeuse, with a duchess lace bertha.

Mrs. Elsie Gile Scott wore white broadcloth and a scarf of ermine, with a hat and diamond ornaments. Mrs. Elizabeth Holmes, New Haven, Conn., black satin with jet trimmings. Miss Lillian Kroner, yellow marquisette, with shadow lace and pearl trimming. Miss Florence Beckman, salmon pink chiffon over satin with trimmings of pearl and crystal in her hair. Mrs. E. L. Colman, gray charmeuse with silver trimmings and a muff trimmed with silver lace. Mrs. J. B. Funk, navy blue net with bands of gold embroidery. Mrs. S. S. Hebbard, black lace over satin. Mrs. F. A. Reiman, taupe velvet with the bodice trimmed with gold and duchess lace, with a wreath of gold roses and an aigrette in hair. Mrs. A. P. Hankerson, yellow marquisette. Mrs. C. F. White, champagne marquisette with gold embroidery. Mrs. L. C. Colman, reception toilette of sapphire blue velvet. Mrs. Heitz, Quincy, Ill., goblin blue chiffon trimmed with white duchess lace. Mrs. Alfred Langenbach, white broadcloth satin with crystal bead trimming and white and black marabou. Mrs. C. W. Levis, green marquisette with gold trimmings. Mrs. T. H. Spence, chantilly lace drape over white. Mrs. S. Y. Hyde, white Japanese crepe. Mrs. Frank Funk, embroidered white chiffon over pink. Mrs. W. A. Thompson, yellow broadcloth satin with amber bead trimming and a corsage bouquet of violets, a hat with white feathers. Miss Mary White, pale blue marquisette, trimmed with shadow lace and a corsage bouquet of orchids and lilies of the valley. Mrs. F. H. Hankerson, white marquisette, bordered with pink roses. Mrs. Dan McMillan, red net over red satin. Mrs. F. J. Smith, apricot charmeuse with a yoke of duchess lace, Cleopatra scarf. Miss Ruth Colman, white chiffon embroidered with gold and gold slippers. Mrs. J. M. Hixon, watermelon charmeuse embroidered in gold, with strings of coral. Miss Hutchinson, white meteor crepe, with bertha of duchess lace trimmed with rhinestone passementerie.

Mrs. J. J. Poehling wore a handsome toilette of taupe charmeuse with accordion plaiting, princess net yoke and crystal buttons inlaid with pink, grey velour hat with feathers of the same shade and silver lace. Mrs. Will Hickisch, coral pink chiffon over white with pink embroidery.

TEXAS CONGRESSMAN WHO MAKES HIT WITH PEOPLE IN SENATE AFTER MARCH 4

Congressman and Mrs. Morris Sheppard.

Having won at the Texas statewide senatorial primaries this summer by a handsome vote, Congressman Morris Sheppard will be named by the legislature of the Lone Star state this winter as senator for the term beginning March 4 next. Congressman Sheppard is a native of Texas and was born in 1875. He was educated at the University of Texas and at the Yale law school, graduating from the latter institution in 1898. He began the practice of law at Pittsburg, Tex., in 1898. The following year he moved to Texarkana, where he has since followed his profession. He has served in the lower house of congress for ten years.

Congressman Sheppard was married to Miss Lucile Sanderson, of Texarkana, in 1899. She is a graduate of Belcourt Seminary in Washington and is an accomplished musician. An eighteen-months-old daughter, Miss Janet, takes up much of her time, but whenever it is possible she travels with her husband when he is on a speech-making tour and is greatly interested in politics. She says that she likes to meet his constituents and tries to keep in close touch with the big affairs in which he is taking part.

DOERFLINGER'S

HIGH TEAM OFF FOR TITLE PLAY

Sixteen Players Leave Today for Madison for Crucial Game of Season

LA CROSSE ALWAYS VICTORS

Two Previous Years the Schools Have Met the Locals Have Come Out Triumphant

Confident of returning to the city with a victory and as a result a stronger claim on the state championship the local high school football team, headed by Coach O. Seiler, left at noon today for Madison, where they will meet the highs of the capital city in what gives every indication of being one of the best and hardest fought games of the season. Sixteen players made the trip to Madison. As Madison has been beating every eleven in its section of the state and has shown championship class, a victory over the downstate team will be a material boost to the locals' hopes for the state gridiron title.

La Crosse and Madison have met on the gridiron twice previous to this year and on both occasions the local boys have been victorious. In 1910, the first year that the teams played, La Crosse beat the capital city team by the score of 15 to 0 while last year's battle resulted in a 6 to 0 win for La Crosse. The team and the students at the local school confidently expect La Crosse to be returned the winner for the third straight time but they realize that they have a hard game before them and that they will have to play their best to return the winner.

Victory Expected

Since the overwhelming and decisive defeat of Fort Atkinson by La Crosse two weeks ago the locals have been turning all their attention towards the winning of the Madison combat. They have been practicing hard for a victory and they intend to get a better claim on the championship by defeating the strong eleven which represents the Madison high school. La Crosse will be without the services of Bert Wiebrecht, captain and right halfback, who is out of the game on account of an injury to his shoulder which he sustained in the Fort Atkinson game.

The team will present a strong lineup tomorrow with Fay and Renner at the ends, Dickens and McCahan at tackles, Hill and Noem at guards and Gunder at center. Strum will appear at his old position at quarterback with Gardner and Zelsler at halfback and Marshall at fullback. Bruha, Boschert, Harris, Johnson and Caldwell were taken along as subs. Captain Wiebrecht also accompanied the team to Madison but he will not take part in the game.

Madison Fears Locals

According to dispatches from Madison, the capital city highs have been practicing hard in preparation for this game and they are under strict training rules for what they consider the most important combat of the year. The team is usually given a vacation on Wednesdays but this was not done this week because of the game tomorrow and the eleven has been lining up against the second team every night.

Madison has a wholesome respect for the strength of the local team as they realize that Seiler has developed a team which is proficient in every phase of football. They expect to see the best game of the season when these two teams line up tomorrow afternoon and the winning of this game will be a big boost for the championship aspirations of La Crosse.

WILSON PLANS TO RIDE

PRINCETON, N. J., Nov. 15.—President-elect Wilson intends to resort to his old sport of bicycle riding, when he goes into his month's physical training which begins with his departure Saturday and ends with his return to Princeton, December 16. Governor Wilson's resignation is a point not far from New York, which he has not yet announced, but which it has been learned he will reach by steamer. He said today he would spend much of his time a wheel, intimating that if the newspaper correspondents who accompany him intend to keep up with him, they will have to do some pedaling.

EGGS 72 CENTS

NEW YORK, Nov. 15.—The price of fresh eggs here soared today to 72 cents a dozen, breaking all records. This was the figure asked for strictly fresh eggs, and the ordinary "nearby barnyard fresh-laid eggs" were selling at 60 cents. The rise in price began yesterday, and eggs were at a prohibitive figure when the market closed. Receipts in New York to date for 1914 are over 338,000 crates less than for the same period in 1911. Butter also has risen to 34c a pound wholesale.

Matrimony is a bargain—and some one always gets the worst of a bargain.

SIMPLICITY.

Only small souls assume exclusive airs. The more truly a man the more simple do we find him. Rarely do we come in contact with a person from whom we may not receive something if we meet him on the plane of a kindly human sympathy and with simplicity.

NO REASON FOR DOUBT

As to the Merits of Cardui, the Woman's Tonic, In View of Such Evidence

Tecumseh, Okla.—In a letter from this town, Mrs. Elisa Epperson says: "I do believe, that if it hadn't been for Cardui, the woman's tonic, I wouldn't have been living today."

I am so glad that I began taking Cardui, when I did. Before I began using it, I was in bad health and suffered considerable pain in head, shoulders, back, side, limbs and lower part of my body.

Cardui helped me more than anything I ever did take, and I am in better health since taking it, than I have been in four (4) years.

I shall never be without Cardui, the woman's tonic, in my home, and will always recommend it to other ladies.

Can you doubt the merit of Cardui after reading the above letter? This is only one of many that we receive each year. Such testimony, from earnest women, surely proves the great value of this tonic medicine, for the ailments peculiar to their sex.

Cardui acts on the weakened womanly organs. It helps to refresh the wornout nerves, and is the ideal medicine for young and old.

As a tonic for women, it has brought remarkable results.

As a remedy for women's ills, its friends say it has no equal.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.—Advertisement.

BANKER ADMITS LOSS

BLIND PARISIAN FINANCIER CONFESSES TO POLICE HE LOST \$2,000,000 OF HIS CLIENTS' DEPOSITS

PARIS, Nov. 15.—More interested in recovering their money than in punishing the man responsible for its loss, creditors of Augustin Max, the "blind banker of Paris," who gave himself up to the police, confessing he misappropriated and lost \$2,000,000 of his clients' wealth, set expert accountants to work upon his books today to determine whether they can recover anything.

Max admitted he did not think they could, practically everything he could scrape together having been invested in Caledonian mines, which he is convinced will never return enough to pay for working them. The banker was closely watched to prevent him from attempting suicide.

Time to Go Home.

"Well, dear, I guess the honeymoon is over."

"Why do you say that?" pouted the bride.

"I've been taking stock and find I'm down to \$2.65."—Exchange.

It is a popular belief among chorus girls that if you give a bald headed man a good show he is bound to get to the front.

Relieve That Sore Throat Now With MUSTEROLE

MUSTEROLE brings quick and blessed relief to the sore throat and leaves a delicious feeling of ease and comfort.

It is a clean, white ointment, made with oil of mustard. You simply rub it on. No plaster needed.

Better than a mustard plaster and positively does not blister.

There is nothing like MUSTEROLE for Sore Throat, Bronchitis,

Tonsillitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet and Colds of the Chest (it prevents Pneumonia.)

Doctors and nurses frankly recommend MUSTEROLE. It is used in large hospitals.

At your drugist's in 25c and 50c jars, and a special large hospital size for \$2.50.

Accept no substitute. If your drugist cannot supply you, send 25c or 50c to the Musterole Company, Cleveland, Ohio, and we will send you a jar, postage prepaid.

"Musterole is just fine, and is an immediate relief for inflamed throat and pain in the back. It's the best thing I have ever tried."—George L. Moxley, Martinsburg, W. V. (35)

DR. J. FURSTMAN MAKES A REPORT

Tells of Convention of Med-
ical Experts Held at
Washington Dur-
ing September

TAFT ATTENDS CONGRESS

President Speaks to Physi-
cians at International
and Praises Work of
Last Century

The report of Dr. J. H. Furst-
man, city health commissioner, upon
the international congress of hy-
giene and demography which he at-
tended at Washington, as submitted
to the city council is as follows:

"To the Honorable Mayor and Com-
mon Council of the City of La
Crosse.

"Gentlemen: Synopsis of 15th in-
ternational congress on hygiene and
demography held at Washington, D.
C., Sept. 23rd to 28th, 1912:

"Europe and the United States ran
an interesting race during the con-
gress, in announcing to the world im-
portant scientific discoveries which
will benefit mankind. The congress
began its session at 10 a. m. Monday,
September 23, at the Pan-American
building and was in session until
Saturday, September 28th.

"In the 60 years the international
congress has been in existence, it is
doubtful if so many and varied ques-
tions of vital interest to human wel-
fare, and particularly to the welfare
of the child, have come under the
scrutiny of the master minds of
science as were discussed in the six
days the congress was in session.

"The delegates met in six general
sessions and in nine sections.

"In the first general meeting, the
congress was opened with the formal
welcome to America by President
Taft. During the course of his re-
marks, President Taft declared that
the wonderful strides which have
been made in science during the past
forty years would seem to indicate
that the next century may realize
the dream of Ponce de Leon, for per-
petual youth. The president highly
praised the United States public
health service for the splendid work
they were doing and took occasion
to mention the wonderful work that
has been done in the Panama canal.
The president earnestly urged a na-
tional department of health.

"Monday night at the general ses-
sion, Sir Thomas Oliver of Newcas-
tle, Eng., famed the world over as
an expert on coal dust and fumes,
announced to the world that he had
discovered a chemical which will re-
duce the number of mine explosions.
This chemical, he said, absorbs coal
dust, one of the principal factors
in mine explosions.

"In the third general session
Tuesday night, Dr. Max Rabna of
Berlin, Germany, noted as one of
the world's famous experts on nu-
tritious foods, announced to human-
ity that the dread of hunger is one
of the greatest factors in the de-
velopment of socialism.

"At the fourth general meeting,
Wednesday night, Dr. Fredrick Zahn
reached the conclusion that the con-
servation of the energy of women is
the greatest problem before the na-
tions. In this connection, he upheld
the national workingmen's insurance
legislation as one of the best means
which a nation can employ in con-
serving the energies of its working
forces.

"At another general session, Dr.
James Bartillon of Paris, France,
famed as the world's greatest stati-
stician, announced that after having
divided professional and occupational
humanity into three major groups
and 729 sub-groups, for the study of
the diseases which claim victories
in all lines of human endeavor, he
was convinced that the agricultur-
ists are the healthiest class of peo-
ple and liquor dealers the most sick-
ly.

"The last general meeting of the
congress was held Saturday, for the
adoption of resolutions and the con-
sideration of a place of meeting for
the sixteenth international congress
in 1915. Invitations were extended
from San Francisco and Brazil offi-
cially. The permanent commission
failed to decide on the place of meet-
ing because of the custom of not
holding two successive congresses on
the same side of the ocean. The next
meeting will probably be held either
in St. Petersburg or Moscow, Rus-
sia.

Synopsis of Sections
"It was in the sectional meetings,
however, where the greatest discov-
eries were announced, and where the
interest of the delegates was most
centered. These sections discussed
microbiology, dietetics, infant hy-
giene, occupational hygiene, military,
naval and tropical hygiene and de-
mography. Besides two daily sessions
of each section, there were several
joint meetings. The latter served to
bring together delegates interested
in scientific work along different
lines.

"Probably one of the most inter-
esting discussions of the entire con-
gress came with the announcement
by Dr. Alfred Peterson of Stockholm,
Sweden, that infantile paralysis is
carried from person to person
through the secretions of the nose.
This theory was disputed by Dr. M.
J. Roseman of Harvard university,
who declared that the bite of the
stable fly is the only known carrier
of the disease. On this very impor-
tant disease at the present time, the
United States and Europe failed to
agree.

"Two of the most important an-
nouncements from the standpoint of
preventive medicine were made by
two Washington men, Drs. John An-
derson and Joseph Goldberg. I.

Who's Your PLUMBER?

Did the last work you had
done satisfy you? Was the
work promptly and neatly
finished? Did you have to
wait, fuss and worry? Was
the charge in keeping with
the service rendered?

We would like to have you
give us a trial. Our men are
all experienced and do their
work right, in as short a time
as possible. Our charges are
reasonable. The material is
all modern and still reason-
able in price. For changes in
your heating plant our ex-
perience will save you money.

Phone us your next order,
tell us just what you want, so
our men will bring the right
tools, etc., or have us call to
look over your work.

THE TRANE CO.

118 South Fifth. Phones 152

spread of measles among children
and that the scales of the skin which
peel off when the child is recovering
have nothing to do with the spread
of the disease. The other announce-
ment made by them and one that
was considered a very important one
by the delegates was that typhus fe-
ver is carried by insects. These two
men also announced that for the
first time in the history of science
they had been able to inoculate ani-
mals with measles.

"In this section on dietetics a con-
flict of theories regarding the dan-
ger of benzoate of soda in foods de-
veloped. Dr. Harvey W. Wiley, for-
mer chief of the United States bu-
reau of chemistry, long ago announ-
ced that benzoate of soda is harm-
ful. This theory was disputed in
this section by Dr. John H. Long of
Chicago, who declared that his ex-
periments with 'poison squads' had
convinced him that the theory is
wrong and that benzoate of soda is
not harmful.

"Another very important an-

nouncement was made by Dr. Fred-
rick Novy of Michigan university. He
declared that he had discovered a
new micro-organism whose virus is
death to rats which carry the bu-
bionic plague. As it is conceded that
the plague is carried mostly by rats,
his announcement was greeted as
the dawn of the era when the bu-
bionic plague can be brought under
control and eradicated through the
extermination of rats with the virus.
He said a hundred billionth of a
centimeter of this virus will kill a
rat.

"The section on child welfare re-
ceived more than its portion of at-
tention during the congress. Prac-
tically every section had something
to say about the welfare of children.
Dr. S. Adolphus Knopf of New York,
said that 600,000 public school chil-
dren show evidences of tuberculosis
and from this general statement
there came many pleas for stricter
medical inspection of the schools.
Included in this phase of child wel-
fare was the demand that medical

inspection be followed with visits
to the homes of children found de-
fective, to make sure that the rec-
ommendations of the inspector for
bettering the child's condition are
carried into effect. It was also
shown that malnutrition is responsi-
ble for a large part of the backward-
ness of children.

"Another important fact brought
out in this section was that naturally
fed babies have a better chance for
life than bottle fed ones, and through
this declaration, came numerous dis-
cussions of the protection of the
health of babies by protecting the
milk supplies.

"Dr. Woods Hutchinson came in

**J. H. KNOTHE
JOB PRINTER
LA CROSSE THEATRE BUILDING.**

for plenty of notice when he an-
nounced that children should make
their own moral code and be given
whatever they want to eat and when-
ever they want it. The infant mor-
tality is on the decrease, although
15,000,000 babies die every year in
the world, which is at the rate of
40,000 every 24 hours.

"Contagious diseases and the
means by which they are carried
held the closest attention of the de-
legates. One of the most interesting
announcements in this phase of the
work came from Dr. Herbert Pease
of New York city, who said that oys-
ters in their raw state during their
non-hibernating period, from the
middle of April to the middle of No-
vember, are not carriers of contag-
ious diseases, and at all other times
never carry diseases other than ty-
phoid fever and some intestinal dis-
eases.

"The pollution of railroad beds,
railroad construction camps, cloth-
ing, rags and other agencies as car-
thoroughly discussed. Much discus-

sion followed some of the theories
especially one presented by Dr. C.
V. Chapin of Providence, R. I., that
air is not a carrier of disease germs
to the extent which it has been cred-
ited.

"Race suicide as an important
factor in the divorce evil in the United
States, was given considerable at-
tention when the congress took up
the questions of practical every day
life. Not alone was race suicide

DR. J. FURSTMAN MAKES A REPORT

(Continued from Page 11.)

blamed by Dr. Samuel Dike of Massachusetts, for the divorce evil, but he included refusal to perform the duties of home life, desire for clothes and pleasures outside the home, social diseases and selfishness as important factors in the evil which never get into the court records.

"Much attention was given to the

betterment of the race and in this connection Dr. Matus of Chili made this interesting suggestion, that as long as science has done so much for breeding fast horses and good fighting cocks, it ought to take a hand in the development of a strong and more enduring race of people.

"Another theory in the development of a race of people superior to any which has yet inhabited the globe was presented by Dr. Charles Gilmore Morley of New York city, and that was that heredity has nothing whatever to do with the character of the child, but its environment is the big factor in character development. In support of this assertion, he declared that a child born in a hovel, if exchanged at birth with a child born in a palace, will grow up to be a person of the palace, while the palace born child will be nothing more than a hovel developed human being.

"This announcement produced somewhat of a sensation, especially amongst the foreign delegates, where 'family' is the prerequisite to social and political advancement.

"Eugenics received much attention from the congress. Social education was one of the big factors in the discussion of the remedies for the announced condition that 10 per cent of the population of the United States is inherently defective and a social and moral burden on the other 90 per cent. In connection with this announcement, Dr. Blaker Van Wagmen of New York states that the many recommendations made to

a committee on eugenics of which he is chairman, was the segregation of the defectives, the sterilization of defectives, stricter marriage laws and the eradication of social diseases.

"Tuberculosis, as a great factor in national inefficiency, was thoroughly discussed from the angle of its economic effect on proper milk supplies. The milk phase of the question received the most thorough searching and it seemed to be the unanimous opinion of the scientists that milk is an important factor to be considered in the prevention of tuberculosis, especially bovine tuberculosis which, it was announced, is transmissible to the human being through milk.

"In the tuberculosis discussions, Dr. Victor Vaughn of Michigan university, announced that an effective vaccine for tuberculosis can be obtained by taking the tubercle bacillus from persons suffering with the disease and giving it to healthy persons.

"Hookworm diseases claimed their share of attention because it was shown to the congress that the efficiency of a nation is greatly reduced where hookworm diseases were prevalent. In this connection Dr. Bailey Ashford of the United States medical service in Porto Rico, declared that the agricultural development of the island had been greatly hindered by the large amount of hookworm disease on the island. It was also announced that walking in the wet grass in the bare feet is apt to re-

sult in hookworm disease. The comforting thought was given, however, that if these germs of the hookworm disease do not get onto the skin before they are dry, they can do no harm, because they cannot live after they become dry.

"Alcoholism received considerable attention as being a factor in weak-

ening the energy of the people of the nation and also as a contributor to tuberculosis. Experiments conducted by Dr. Jacques Bertillon revealed the fact that the users of alcoholic beverages are twice as apt to have tuberculosis as those who are abstainers. In connection with the general discussions, it was stated by Dr. Tom Williams of Washington that alcoholism is the result of and not the cause of insanity, with those people who are predisposed to mental defects.

"Not alone did the scientists labor in their field of discovery and microbes, but they found time to give attention to the brilliant social feature which the citizens of Washington and President Taft had provided for their entertainment. Among these were a reception at the White house by President Taft, a trip down the Potomac river to Indian Head, a trip to Mt. Vernon and a reception at the National museum. Several other trips were scheduled, but had to be abandoned on account of rain.

"The congress has given a great impetus to the work of human welfare. Industry and the selfishness with which it has heretofore been credited, must give way to human rights, in the opinion of the scientists, who have labored long and hard to produce disease destroyers and to make discoveries which will redound to the benefit of humanity in general, and the child in particular.

"Forty-two states and thirty-three foreign countries were represented at this congress with a total attend-

ance of 3,385, 131 of which were foreign official delegates.

"Respectfully submitted,
"J. M. FURSTMAN, M. D.,
"Commissioner of Health."

New Stage in Inebriety.

Mr. Borden has been telling an anecdote concerning two "brither Scots" who used to foregather in a "dry" district, each bringing with him a portable spring of comfort in the shape of a bottle of whisky.

One of them was asked one day by a "third party" whether the other, Jock Anderson, did not get a little drunk sometimes.

"Drunk!" was the reply. "Man, the last time I was w! him Jock got that drunk I couldna see him."—London Mail.

FEUD KILLS PIGS
MENOMINEE, Mich., Nov. 15.—

Another chapter was added on Thursday to the feud that exists between the families of Steven Lafer-ski and John Sefrenek, when Stanley Novik and his wife were arrested at Crivitz, Wis., charged with having poisoned six pigs owned by Lafer-ski.

POSLAM CURES WORST CASES OF ECZEMA

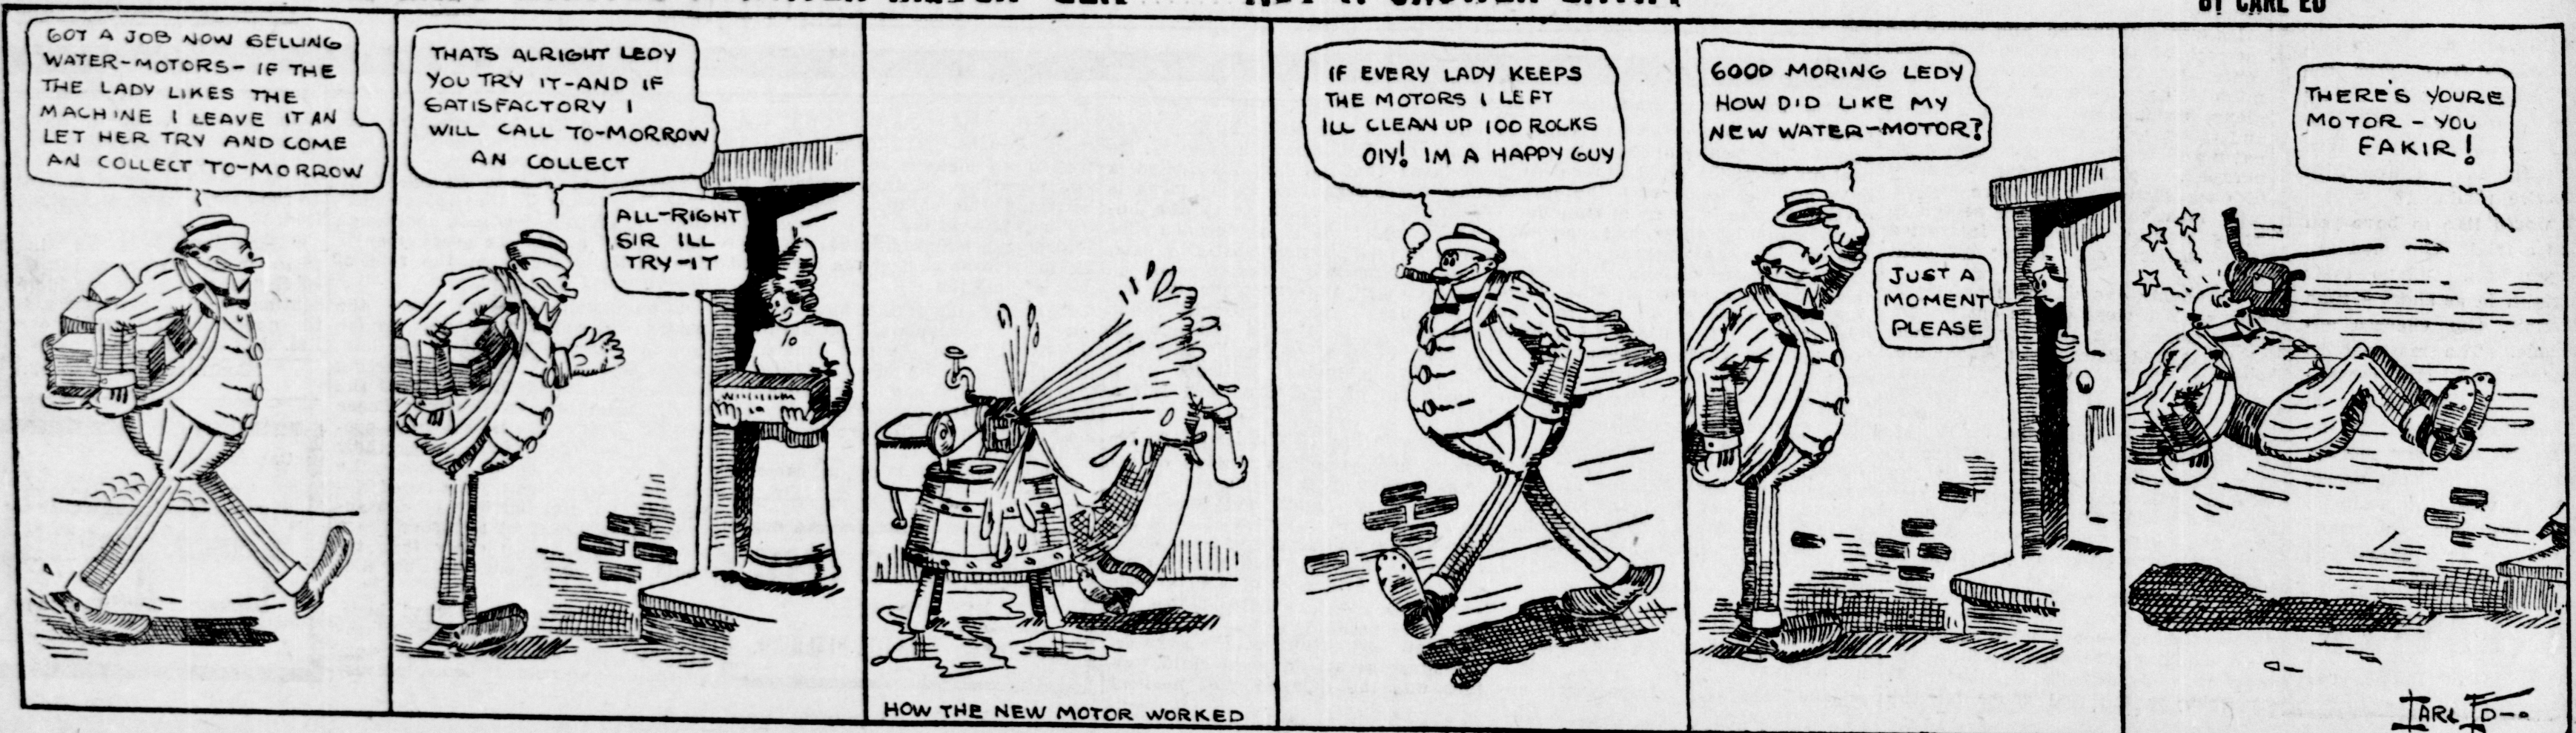

To have suffered the tortures of eczema, acne, itch, etc., for years, and to suddenly find that the trouble has disappeared after a short treatment with Poslam, is to experience satisfaction difficult to express. This is the story told daily from all parts of the country, of the actual accomplishments of Poslam, the perfect skin remedy. All skin diseases, including eczema, acne, tetter, salt rheum, itch, etc., are quickly eradicated by Poslam. Itching is stopped at once. Common troubles, such as pimples, red noses, rashes, etc., respond so readily that over-night treatment is often sufficient.

POSLAM SOAP, used daily for toilet and bath, makes every cleansing operation a double means of healthfulness to the skin. Incomparable in its benefits to tender skin, particularly to infants. Chas. A. Beyerslag, C. N. Euler, Heberd & Co., and all druggists, sell Poslam (price, 25 cents). For free samples, write to the Emergency Laboratories, 22 West 25th Street, New York City.

THE LADY WANTED A WATER MOTOR BEN ---- NOT A SHOWER BATH!

BY CARL ED

DON'T WORRY ABOUT YOUR HEART

Pains in That Region Scarcely Ever Mean Heart Disease but Are Generally Caused by Indigestion.

Most people who have heart disease do not know it. Most people who think they have heart disease, haven't. They only think so. Pain in the region of the heart is mistakenly supposed to be a symptom of heart disease.

Just as pain in the back seldom or never indicates kidney trouble, so pain near the heart is scarcely ever present in organic heart disease. This pain is nearly always from the stomach which is connected with the heart by many nerves.

When your digestion is out of order it often affects the heart and even causes an irregularity in its beat. The gas produced by undigested and fermenting food may cause pressure that affects the heart unpleasantly. But these pains do not mean that you have heart disease nor need fear sudden death. Try toning up the stomach and learn how quickly and surely you lose the fear of heart disease.

Tone up the stomach. Correct any errors of diet. Eat the right things and not too much of them. If you do not know what the right things are, send for our diet book. It is free. Don't starve yourself and don't pamper your stomach with predigested food and artificial aids to digestion. Tone up your stomach so that it will do its own proper work, don't worry about your heart or anything else (worry causes and aggravates indigestion) and you will be well and happy.

Dr. Williams' Pink Pills are the best digestive tonic. Improvement begins with the first dose. First you notice an increase in your appetite. Then you see that the food does not distress you, that you are no longer troubled with gas, sour risings in the throat and those misleading pains around the heart. Strength and energy return and the rich red blood, bearing the full amount of nourishment yielded by food, carries renewed vitality to every organ of the body.

Dr. Williams' Pink Pills are sold by all druggists, or direct by mail, post-paid, 50 cents per box; six boxes, \$2.50. For the diet book, which shows what these pills have done in numerous cases, write to the Dr. Williams Medicine Co., Schenectady, N. Y.

NOTED SEAMAN IN NORTHWEST

EDMONTON, Alta., Nov. 15.—Captain S. G. Haddock, R. N., (retired) who passed thirty years cruising in British waters, has come from London, Eng., to make his home in Edmonton, engaging in engineering. Among his decorations are H. M. S.'s coronation medal, the West African medal with clasp, Gambia, 1894, and the South African medal. He was chief engineer aboard the cruiser Gladiator when it collided with the steamship St. Paul and turned over until the decks were three degrees beyond the vertical, at a heavy loss of life. He was afterward employed assisting the Liverpool Salvage company in the successful operations of righting the ship.

A Merry Old Widow.

One of the most remarkable instances of long life was that of the countess of Desmond. This merry widow died in 1694, having survived her husband, the twelfth earl, seventy years. She retained her faculties to the last, could walk ten miles a day until a week of her death, at the age of 140, and according to the inscription on her portrait at Muckross abbey, Killarney, "in 70 years of her long pilgrimage renewed her teeth twice." The countess appeared likely to beat all records for longevity, when, relates Sir William Temple, "she must needs climb a nut tree to gather nuts; so, falling down, she hurt her thigh, which brought on a fever, and that brought death."

The Netherlands.

In the Netherlands there are 2,000 miles of canals and another 3,000 miles of navigable waterways. If you want a man to deliver the goods, employ one who doesn't talk.

TROPICAL BIRDS COVER THE STAGE

Majestic This Week Features Act in which Scores of Feathered Actors Perform

Rose Naynon's world's champion troupe of trained birds which perform in a wonderful manner feature the show which is on the bill for the last half of this week at the Majestic theater. "The act beautiful" as it appears on the bill, certainly lives up to the name and it received a generous round of applause which was justly deserved. On account of illness Miss Naynon was unable to appear at last night's performance but the manager of the act took charge of the birds.

It is an act which is novel and different from any seen here for many a day. The birds made an instant hit with the big audience. Performing almost impossible stunts such as are seldom if ever done by animals of any kind, the birds showed that they had been perfectly trained and that their tricks are far above the average. A great number of birds of various kinds that have never been seen by many people appear in this act and the entire stage is literally covered with birds of many colors, the entire scene being a beauty. As the manager explained, it took years of patient training to teach the birds the stunts performed and his success was apparent.

It was announced that following Saturday's matinee, all men women and children are invited to be present at a meeting at which time the habits and characteristics of the birds in the act will be explained and all will be given an opportunity to go on the stage and look at the birds at close range.

Santor and Carter in a comic playlet entitled "The Capture," present an act which is a laugh from start to finish and which won favor from the outset. Both the characters in this act handle their parts in faultless style.

Wilson and Washington are two comedians who put on an act called "The Bandman and His Band." Their singing and line of talk are the source of a great deal of merriment. Their dialogues are extremely humorous and they sing several songs in a pleasing manner. An imitation of a colored orator by one of the members of the troupe is filled with comedy while a clever dancing number follows a song by both Wilson and Washington.

Performing marvelous gymnastic feats, Chris Erickson is in reality the gymnastic marvel and equilibrist he is called on the program. Doing his many hazardous stunts on a bar placed on two chairs, Mr. Erickson's act took strength, skill and daring.

Tom Gillen presents a clever singing and talking act in which he takes the part of Finnigan's friend and tells many interesting and amusing incidents regarding Finnigan. His monologue as well as his singing are clever and he tells his jokes in an excellent manner.

Three good reels of moving pictures are also shown, introducing two comedies and a drama entitled "The Signal Fire."

Alphabetically Speaking.

Among a batch of candidates for appointment to the police force of Washington was a big colored man, evidently of rural origin, who announced his readiness to stand examination.

"Are you a native of this city?" he was asked.

"No, sub. I am from the first state in the Union."

"A New Yorker?"

"No, sub. I am from Alabama."

"Alabama is not the first state in the Union, as the saying goes," responded the examiner.

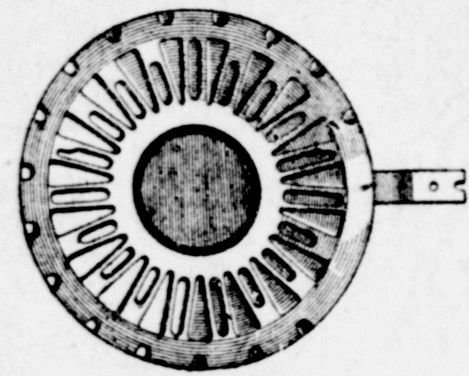

"Alphabetically speaking, it is, sub."

said the candidate, with conviction.

"Alphabetically speaking,"—New York Press.

Might Be So-Called.

"Isn't it an insult to call me a flopped, bow-legged porcupine?" asked an applicant for divorce.

BOTTOM GRATE

Double grate bottom made extra heavy with draw center, rolls on ball-bearings. Easily and quickly cleaned.

PRINCIPAL HITS AT THE FLUNKERS

Prof. McCormick Gives a Straight Talk to High School Over Long List of Failures

At the assembly of the high school students yesterday morning Mr. McCormick brought before the assembly a long list of flunkers for the last quarter which is quite out of the proportion to the usual number. He had intended to make the assembly a send off for the football team which plays at Madison on Saturday but the conditions of the general standings was so bad that he could not do as he intended. He gave a talk on "Hitting the Mark," which clearly defined to the students that they were at school to build up characters that would stand up under fire.

"If the student is deficient in the preparation of a subject," he said, "that student cannot go out in the world to take up a reliable position and keep it. The world is lacking in this great essential in business and the high school is the place where such work is instigated."

C. H. Schweizer Talks

Mr. Charles H. Schweizer was then called on to give a talk and he emphasized the fact that the factory and office are greatly lacking in efficient men and women. People who don't work in a way which means success. He said there are two systems of study; the old way of cramming, and the present day system of preparing a thing so it will stay and be of benefit when needed. He also said that if the student wishes to make even greater success than what is required of him he can do so by doing just a little more than is required. He closed by saying that the world has great problems for the boy and girl of today to solve when they enter the business world and the place that they can meet these problems is by faithful application and thoroughness in their studies in school and especially in the high school.

AGED WOMAN DIES LOST IN STORM

MILWAUKEE, Wis., Nov. 15.—Mrs. Jeanette Freeman, aged 69, 259 Logan avenue, was found dead in a field on the Van Ellis farm, Chicago road, South Milwaukee, yesterday afternoon. Death, according to the coroner, was due to exposure. It is believed Mrs. Freeman lost her way Wednesday night in the storm.

Nowadays He Wants the Earth.

Times have changed since the poet wrote, "Man wants but little here below."—Chicago Tribune.

DARKEN YOUR GRAY HAIRS

A Simple Remedy Gives Color, Strength and Beauty to the Hair.

You don't have to have gray hair or faded hair if you don't want to. Why look old or unattractive? If your hair is gray or faded, you can change it easily, quickly and effectively by using Wyeth's Sage and Sulphur Hair Remedy. Apply a little tonight, and in the morning you will be agreeably surprised at the results from a single application. The gray hairs will be less conspicuous, and after a few more applications will be restored to natural color.

Wyeth's Sage and Sulphur also quickly removes dandruff, leaves the scalp clean and healthy, and promotes the growth of the hair. It is a clean, wholesome dressing which may be used at any time with perfect safety.

Get a fifty cent bottle from your druggist today, and see how quickly it will restore the youthful color and beauty of your hair and forever end the nasty dandruff, hot, itchy scalp and falling hair. All druggists sell it under guarantee that the money will be refunded if you are not satisfied after fair trial. O. T. Erhart.—Advertisement.

TWO COURSES FOR COUNTY FARMERS

Onalaska and West Salem Schools to Be Open to Both Men and Women

La Crosse county is to enjoy the opportunity of having two farmers' courses this year held jointly by the State College of Agriculture and the La Crosse County School of Agriculture and Domestic Economy.

The first is to be held at West Salem, Jan. 2, 3 and 4, 1913, with a department each for both women and men. Special features of the West Salem farmers' course are the La Crosse county boys' corn growing contest and the girls' cooking and sewing contest. One hundred and forty boys in the county were furnished sufficient seed corn last spring to plant one-half acre and each contestant has planted, grown, and harvested his corn. Ten of each contestants' choice ears and a single ear will be exhibited. The girls from the rural schools are enrolling in their contest and making their articles for display.

The other big meeting for the farmer folk is to take place as usual at the County Agricultural school at Onalaska, Feb. 13, 14 and 15, 1913. During the first four days of the same week, Feb. 10, 11, 12 and 13 the annual corn school and exhibition of farm products will take place.

Special features of the Onalaska course are a horse show and poultry show.

Complete announcement of all events will be made later.

Swatted.

Proprietor—Here we are waiting for the first feature of the program. Where's the human fly? Stage Manager—He's sent word he can't come, sir. His wife's been swatting him.—Baltimore American.

TOWN CONGRESS TO GATHER NOTABLES

EDMONTON, Alta., Nov. 15.—Members of the dominion and provincial parliaments, mayors and other civic officers, architects and educators from various parts of Alberta and experts from the coast and prairie provinces and points in the United States will attend the housing and town planning congress in Edmonton, November 15 and 16. Mayor George S. Armstrong of Edmonton, chairman of the executive committee, will preside. Among the speakers will be George P. Smith of Camrose, member of the provincial parliament, author of the Alberta towns act, and Charles W. Cross, attorney general for Alberta, who will discuss the legal amendments that would be required to meet the ideals of the movement. Clifford Jones of Calgary will read a paper on "Canadian Legislation." Mrs. Arthur Murphy, president of the Women's Canadian club and the Women's Press club of Edmonton, also will be on the program of addresses.

Other people's money is the root of much contention.

When any one says to a wise man, "Isn't that the best way?" he always "Yes."

BLESSINGS OF WORK.

Thank God every morning when you get up that you have something to do that day which must be done, whether you like it or not. Being forced to work and forced to do your best will breed in you temperance, self control, diligence, strength of will, content and a hundred virtues which the idle will never know. —Charles Kingsley.

Boiled Glass.

Brittleness of glass is due to the quick cooling of the hot substance. It is known that constant motion tends to rearrange the molecule in any substance, and a similar effect is observed when glass is boiled in a weak solution of salt in water and allowed to cool gradually. The toughness of the glass is increased very much, and the effect of quick heating is less disastrous to it. This is easily applied to articles used in the laboratory and to glass globes for lighting purposes and prevents much breakage.

Anyway, love is blind to the awkwardness of all situations.

"GYP THE BLOOD" DENIES HIS GUILT

Gunman Alleges Neither He nor Three Pals Were In at Death of Rosenthal

NEW YORK, Nov. 15.—A complete and unqualified denial was entered for the four gunmen charged with killing Gambler Herman Rosenthal, when Gyp the Blood, whose real name is Harry Horowitz, took the stand.

With a bold front, Gyp flatly denied that he or any of the four were in the murder car on the night of the killing. He gave a detailed account of their movements that evening and said they were near the scene, when a "strange man" whom they had met at Bridge Webster's poker rooms, suddenly fired at Rosenthal. He charged that shots were also fired by Harry Vallon and Webster. The "strange man" is supposed to have been the mysterious "Itzky," a vaguely identified person, who has appeared in various stories of the shooting. He is supposed to be an east side tough.

BOB DECLINES LECTURING

MADISON, Wis., Nov. 15.—Senator La Follette intends to remain in Madison until the opening of the next session of congress about Dec. 5. He has declined to make any engagements on the lecture platform and is devoting himself to a revision of his autobiography, final proofs of which have been received from the printer. Prominent political leaders are being entertained almost daily at the senator's home, but secrecy about his political plans is observed. It is believed the senator is planning to reorganize the republican party in the nation upon lines more nearly in accord with his well known policies.

Making Cut Glass.

The process of glass cutting requires great skill and care. A design is first lightly copied on the glass, and the cutters take it in hand. A fine stream of sand and water falls continuously on a rapidly revolving steel wheel. To this the glass is applied, and the cutting is really accomplished by the friction which the sand sets up. Then another workman with another steel wheel and plain water brings the cutting up to a sharper edge. A third workman with a soft wooden tool takes off the cloudiness caused by the friction of the steel. A fourth polishes the glass, a fifth with a preparation of oxide of tin gives to it that iridescent luster which makes its value cut glass so highly.

OUR NEIGHBORS.

There is an idea abroad among moral people that they must make their neighbors good. One person I have to make good—myself. But my duty to my neighbor is much more nearly expressed by the saying that I have to make him happy —if I may.—Stevenson.

MICHIGAN MASONS BUILD NEW TEMPLE

MENOMINEE, Mich., Nov. 15.—The cornerstone of the new \$30,000 Masonic temple at Menominee, Mich., was laid Thursday afternoon in the presence of Masons from many surrounding towns. The ceremonies were conducted by Most Worshipful Grand Master James H. Thompson, Lansing, Mich. The new temple will be completed in the spring.

"My poor feet used to swell, sweat and smart—burn and chafe—all the time. Now I can walk ten miles every day on hard, hot pavements and my feet feel as if they were floating on air—cool, easy, and comfortable. No more corns, bunions or callouses, I use

KUCO No-Chafe POWDER

Just rub a little on your feet every morning before you put on your socks—makes your feet feel as if you were walking in velvet slippers on carpets an inch thick. Prevents all rubbing and chafing. No more smarting, swollen, sweaty feet.

Kuco for the use of both adults and infants—stops chafing on all parts of the body. Does not rub off—but "lays" to the skin in a soft, smooth and almost invisible film. Sold by all good druggists at 25c a box. To ask your druggist for Kuco No-Chafe Powder distinguishes you as a user of the most immaculate of personal care.

THE KUCO COMPANY, MILWAUKEE, WIS.

BOB SAYS VOTERS REBUKED "MAC"

La Follette Denies that McGovern's Aiding Bull Moose Saved State Slate

MADISON, Wis., Nov. 15.—"The voters rebuked Governor McGovern for his 'bull moosing' episode by giving him a plurality far less than that given to his tried and true colleagues on the republican ticket—Morris, Donald, Owen and Johnson."

This quotation from a leading editorial in La Follette's Magazine today indicates that Senator La Follette does not believe with Governor McGovern that the latter's championship of the bull moose cause saved the state ticket.

"But the progressives did not let their resentment at the governor's course blind them," continues the editorial, "to the folly of pulling down the progressive structure in this state merely for the doubtful satisfaction of making him suffer. They showed exceptional civic sense and judgment in safeguarding the edifice they themselves struggled so long to rear. And therein lie the strength and glory of Wisconsin; her voters see clearly and act courageously."

HOUSTON CHURCH NOTES

Hokak Presbyterian church preaching services at 2:30 p. m. Hearty invitation to all.

La Crescent Presbyterian church. Preaching services at 10:30 a. m. and 7:30 p. m. and Sunday school at 11:45 a. m. Hearty invitation to all to attend these services.

Houston Presbyterian church. Evangelistic services by Evangelist Arthur Broughton and Mrs. Broughton. Services every night at 7:30 and prayer meetings at 3:00 in the afternoon. Sunday at Presbyterian church at 10:30 a. m. and at Evangelical church at 3:00 p. m. and at 7:30 p. m. A warm invitation to everybody.—M. H. Roberts, pastor.

Our Imagination.

We worry a lot over troubles that never materialize. The greater part of our woes lives in our imagination. On that we waste our strength and nerve force, leaving a rather weak prop on which to lean in real adversity. Trouble we must meet—that is inevitable—but we do not have to live it through twice, the first time in imagination. A fear of what the future contains is a clog upon our heels and prevents the achievement of many an important deed.

GOOD FOR EVIL.

There are some people who turn gray, but do not grow hoary; whose faces are furrowed, but not wrinkled; whose hearts are sore wounded in many places, but are not dead. There is a youth that bids defiance to old age, and there is a kindness which laughs at the world's usage. These are they who have returned good for evil.

Maps and Charts.

Anaximander of Miletus is generally supposed to have been the originator of geographical and celestial charts, about 570 B. C. Modern sea charts were brought to England by Bartholomew Columbus to illustrate his brother's theory of a western continent. This was about the year 1489. The first tolerably accurate map of England was drawn by George Lilly, who died in 1559. Gerard Mercator published an atlas of maps in 1595, but it is only within the last fifty years or so that we have had really scientific charts of the earth's surface. It was, of course, impossible to have had such maps in the olden time.—New York American.

USE HALF SEAL SALES LOCALLY

MILWAUKEE, Wis., Nov. 15.—One-half of the money raised by the sale of Red Cross seals will be returned to the local society which conducts the sale, to be expended by them in local health work according to an announcement made by Dr. H. E. Dearholt, executive secretary of the Wisconsin Anti-Tuberculosis association.

Certain conditions are placed on the offer by the state association. To get the fifty per cent, a local association must have been organized before December 1. It is also provided that the money which the local association retains is to be expended for public health work to be approved by the state association.

This money was retained by local associations last year, but when the executive committee of the association at its last meeting decided to extend its activities to embrace general health work there was some question as to whether this policy would be followed. It has been definitely decided, however, to let each local association retain fifty per cent of its sale.

It is folly to offer a wise man a penny for his thoughts. Go to the gas meter, thou student, and learn to be a lightning calculator.

LA FRANCE

SHOE for WOMEN

SHOPPING is hard work—hard on the nerves—hard on the feet. The woman who knows—selects La France—and never thinks of her feet while shopping. They fit so snugly—so comfortably. They feel "just fine." Style and smartness a-plenty, too.

FEAR MICROBES? DRINK FROM THIS

Here's the latest thing in sanitary, germ-proof drinking fountains, guaranteed to meet with the approval of the most fastidious board of health. This particular fountain is located just across the street from the white house front door, where it was placed last week. The water is carried into the bottom of the drinking cup by a rubber hose and as you quench your thirst the cup is continually running over so that it isn't necessary for your lips to come into contact with the metal.

WOULD PRESERVE JEFFERSON'S HOME

The movement promulgated by the Jefferson Memorial association which was formed for the purpose of providing ways and means of buying the old Monticello mansion, home of Thomas Jefferson, and preserving it to the American people, has reached La Crosse.

Congressman John J. Esch today received a communication from Mrs. Maud Littleton, wife of Congressman Martin Littleton of New York, urging him to use his influence toward the strengthening of the organization, by the enrollment of new members and raising of funds. According to her appeal, the Monticello mansion is now in the hands of private owners and that admission is being charged to tourists and others who wish to visit the grave and home of the great American statesman. It is also said that his grave is being neglected and its movement and the mansion is falling to ruin. The society proposes to urge congress to buy the old place and preserve it as a public memorial to the man who drafted the declaration of independence. An interesting legal point is raised in this connection in the question of whether the government has a right to condemn property for this purpose in the event the owner is unwilling to part with it voluntarily.

Poets write about love in a cottage, but their typewriters break down when they attempt to portray love in a flat.

SALARY LIMIT IS STILL UNDECIDED

MILWAUKEE, Wis., Nov. 15.—With the annual meeting of the National Association of Minor leagues practically at a close, baseball magnates and managers were leaving for their homes today without definite action on the salary limits for clubs and individuals, which was scheduled to be the main issue of the four day session. The minor leaguers will await the decision of a committee appointed late yesterday and ordered to report to the National commission by January 1. The most definite result of the annual meeting seemed to be the selection of Columbus, Ohio, as the next convention city.

Charles Ebbets, president of the Brooklyn club, and George Stallings, manager of the Boston Nationals, were the last of the big league men to leave town today. No major league deals of great importance were made as was expected although the rumor crop flourished.

While Johnny Evers was being banqueted in Chicago last night the remaining major and minor leaguers here attended a banquet at the Hotel Pfister.

Joe O'Brien, secretary of the New York Giants, who it is said, voluntarily resigned yesterday because of ill health, had nothing to add to that piece of news today. Joe also pursued the silent course when asked if he would be in the running for the presidency of the National league, opposing the re-election of T. J. Lynch.

No need to go south for the winter. Read page 7.

His Advantage.

A millionaire can stand being hated by everybody because nobody will be that way to his face.

APPROVE SCHOOL LOANS

MADISON, Wis., Nov. 15.—(Special.)—School district and municipal loans to the aggregate amount of \$130,600 were approved by the commissioners of public lands and custodians of the trust funds of the state yesterday. Among the twenty-one loans authorized, the largest were \$40,000 to the city of Mineral Point for a city building, \$5,000 to the town of State Line, Vilas county, and \$6,000 to the town of Hackley, Vilas county, for road purposes, and \$8,000 to Argyle village, Lafayette county, for water works. Bonds of \$8,000 for the village of Wauzeka, Crawford county, for water works, also were authorized. The commissioners expect to loan \$250,000 more before April 1, 1913, by which time about a half million dollars will have been received. They will have a quarter million to be loaned in addition to the sums authorized yesterday.

Loans of \$103,900 were authorized last October, and in the same month loans of \$30,500 were paid.

REPORT MINE CAVE-IN

SALT LAKE CITY, Utah, Nov. 15.—It is reported here that the famous Horn Silver mine at Frisco, Beaver county, Utah, caved in from the 30-foot to the 1,200-foot level, and that from six to twelve men are missing. There is no confirmation.

SPAIN'S LOVLIEST CHARMS GOTHAMITES

Senora Josefina Ferrada.

When Senora Josefina Ferrada arrived in New York the other day on a Spanish steamer from Cadiz, her reputation for being the loveliest woman in all Spain didn't seem a bit exaggerated in the halo of adoring glances that surrounded her as she tripped down the gangplank.

Although a native of Spain, Senora Ferrada is now a resident of Cuba, having married one of the wealthiest planters of the island republic. She is just returning from a six months visit at her old home in Madrid.

LUMBERMAN FOUND DEAD BY SHOOTING

COLUMBUS, Ohio, Nov. 15.—With a bullet hole in his forehead John K. Sowers, president of the Sowers Lumber company, was found lying across his bed this morning by Zane Fogle, a maid, attracted from the kitchen by the shot. A revolver lay at his side.

Admitting that circumstances indicated suicide, the coroner inclined to the belief that Sowers accidentally shot himself. The coroner could find no domestic or financial difficulties as a motive for suicide.

MUST CONTINUE THE TAFT TRUST SUITS

WASHINGTON, Nov. 15.—Continuation of all the big anti-trust suits by the new democratic administration along the same lines that have been followed by the Taft administration, was predicted here today. The next attorney general, authoritative information, will be confronted with a situation which will necessitate this policy for a year or more, or until such time as congress can be induced to amend or add to the Sherman law.

CORNELL IN WEST

ANN ARBOR, Mich., Nov. 15.—Michigan polished its preparation for Cornell here tomorrow with a speedy signal drill this afternoon. The Ithacans arrived here this afternoon.

Buy that winter suit or overcoat now, and get your Thanksgiving turkey free.

Discretion.

A sound discretion is not so much indicated by never making a mistake as by never repeating it.—Bovee.

Daniel in Second Place.

Little Willie's grandmother had been telling him Bible stories, his favorite being that of Daniel in the lions' den. At the age of four he was taken to a circus for the first time. When the lion-tamer put his head into the lion's mouth little Willie's excitement knew no bounds. Jumping up and down, he gleefully screamed: "Oh, my! That knocks the spots off Daniel!"

SPORTING NEWS

FARREL REPORTED TO WANT CHANGE

Declared New York American Owner Will Pay \$25,000 to Get the Former Cub

MILWAUKEE, Wis., Nov. 15.—A well defined report was in circulation among big league men here that Frank L. Chance, erstwhile manager of the Chicago Cubs but now controlled by Garry Herrmann of the Cincinnati club, will manage the New York Americans next season. It has been stated that Frank Farrell is willing to pay \$25,000 for Chance and the only drawback was Chance's demand for \$20,000 bonus for himself, but that this might be overcome and the deal made.

Hugh Duffy, former White Sox and American Association manager in Milwaukee, left for the east today, and according to close friends, will manage the Newark, N. J., club in 1913.

It was also gossiped about hotel lobbies that Charles P. Taft, owner of the majority of stock in the Philadelphia Nationals had sent word to Horace Fogel to either sell out his stock or quit the team. Taft's action, it was said, was a direct result of Fogel's recent embroilment with National league umpires.

YALE READY FOR THE TIGER GAME

NEW HAVEN, Conn., Nov. 15.—Yale's football warriors who go against Princeton tomorrow, spent today in perfecting several new plays and in signal drill. There was not the usual let-down the day before a big game because of the loss of time due to York's death. With Bomeister, in at end, the coaches think Yale's chances of winning are more than good, and they are very optimistic. The eleven will leave tonight for New York, going to Princeton Saturday morning.

Northern Australia.

Australia's northern territory is the only large unpeopled tract of habitable land on the globe. It is six times the area of the state of Victoria. The country is fertile and is watered by numerous splendid rivers.

Unreasonable.

"Sure, a penny saved is a penny earned."

"Why don't you practice that?"

"Say, you don't expect a man to live up to every quotation he makes, do you?"—Cleveland Plain Dealer.

No Better.

Silliness—There is honor among thieves. Cynicism—Nonsense! They are just as bad as other people.—Life.

DANCING SCHOOL TO WORK FOR CHARITY

One of the latest methods devised for the aid of the poor in La Crosse is that of Professor Hugh A. Falls of the La Crosse School of Dancing, who proposes to give a monthly dance at Linker hall during the winter, the proceeds of which will be distributed among the poor of the city. The dance will be given under the auspices of the La Crosse School of dancing and as now planned will be held on the second Friday of each month.

There are 185 pupils now enrolled in the school who are receiving instructions under the direction of Professor Falls and Miss Allen. Classes in dancing are held at the K. P. hall Thursday of each week.

The opening social dance of the school will be held at the K. P. hall tonight. Several novel prize contests have been devised by the pupils and instructors which will add much to the success of the affair.

TO OPERATE ON LORIMER

CHICAGO, Nov. 15.—William Lorimer, ousted as United States senator from Illinois, will be operated upon for appendicitis at 10 o'clock tomorrow at the Presbyterian hospital by Dr. Arthur Dean Bevan, one of the surgeons who attended Colonel Roosevelt while he was confined at the Mercy hospital.

MINERS RIOT AGAIN

CHARLESTON, W. Va., Nov. 15.—Reports received here today that seven miners were shot and badly wounded by the railway police and that two non-union men were hurt, led to a further report that Governor Glascock is expected to declare martial law in the coal strike zone again. Striking miners are said to have fired on a train late yesterday wounding private detectives and non-union workers. The trouble occurred at Cabin Creek junction and over 300 shots were exchanged.

NEW CITY SCALE INSTALLED

A new ten ton scale for heavy weighing is being installed at the city market by the Howe Scale company in place of an old one that has become unreliable because of its many years of use. The concrete foundation for the new outfit is now ready for the placing of the machinery and it will be ready for business by Monday.

BOTH TEAMS ARE READY FOR GAME

Minnesota and Wisconsin Elevens Have Finished Practice for Tomorrow's Big Battle

BADGERS SHOULD BE VICTORS

According to the Outlook Juneau's Team Is Stronger and Is Regarded as the Winner

MINNEAPOLIS, Nov. 15.—Coach Juneau's University of Wisconsin gridiron warriors, 30 in all, arrived here shortly after 8 o'clock this morning for their game with Minnesota tomorrow. Immediately after the arrival and luncheon the entire squad walked to the Hippodrome amphitheater at the state fair grounds, about four miles away, where the men went through light signal drill. The Badgers lineup will probably be the same as in the Chicago game.

MINNEAPOLIS, Minn., Nov. 15.—Yesterday brought to a close the scrimmage work of the Gophers in preparation for the Badgers. Today will be devoted to signal drill and a final polishing off the tactics of the gladiators and the day after brings the high wind.

The game proper appears to be a precipitately rising mountain surrounded by a sea of dope. Figuring by all of the accepted methods of comparison, elimination, deduction and handicapping, the Wisconsin team should win a decisive victory. The Minnesota team is hard to size up.

Secrecy at football practice has been most pronounced all season and this week the lines have been even more closely drawn than ever before. But the last word in this respect was spoken by the Gopher coach yesterday when he drove a dozen carpenters off the field, refused admittance to several former visitors, doubled the force of student guards and cautioned them to allow no one near the gates except members of the squad or assistant coaches.

Undergraduate enthusiasm at the university of Minnesota has reached a high pitch and nothing is being left undone by the rooters in their support of the team. Three thousand students attended a songfest in the university chapel yesterday noon led by the all-university chorus of 200 voices as an introduction to the final windup this noon, when Dr. Williams and the team appeared before the student body.

Badgers Confident
MADISON, Wis., Nov. 15.—The Badger football squad left last night at 10:30 for Minneapolis. The Wisconsin boys were quartered in a private car. Twenty-four players in addition to Coaches Juneau, Schultz, and Driver, and Trainer Steinbauer, made up the party. No such scenes as occurred in Madison last night have been witnessed in a long time. The largest mass meeting of the year packed its way into the gymnasium early in the evening. Enthusiasm ran high. Speeches were made by Coaches Juneau and Driver, Capt. Hoefel, and Van Riper. The appearance of the latter was the occasion for a wild demonstration.

After the meeting the players were put into carryalls and hauled down to the station by the students, preceded by the varsity band. The band, consisting of fifty pieces, was taken along to Minneapolis.

The practice yesterday was confined to signal drill and short practice of the new formations learned during the week. Bellows was given work kicking field goals, and it is possible that he may get a chance to do some scoring that way in case Wisconsin gets close enough to the Gopher goal line. The team arrived in Minneapolis early this morning, and will take a light work-out on the baseball grounds. They will also take long hikes to get the stiffness out of their muscles, due to the long ride.

The team is optimistic, but not overconfident, as they realize that they are going up against one of the best teams in the west. The student body is also very confident over the outcome. A special train, bearing a thousand Badger rooters, will leave here for the scene of the conflict today. The return of Van Riper to the game has raised the Badger chances fully twenty per cent. The great half seems to be in none the worse condition for his long siege on the crutches, and played a great game in the scrimmage work yesterday.

Coach Juneau made the following statement: "We have a great team, and Minnesota will have to have a better one to beat it. Our boys will play their best, and we hope to bring back a victory with us."

A Thanksgiving turkey goes with your new overcoat at the Continental.

True View of Life.

I am more and more impressed with the duty of finding happiness.—George Eliot.

What a tame thing real love is when compared with the fierce, undying brand you see on the stage!

FRANKLINS BEAT LEAGUE LEADERS

Standings of the teams in the Graded School Indoor Baseball league:

	Played	Won	Lost	Pct.
Washburn	11	8	4	.727
Franklin	10	7	3	.700
Lincoln	11	6	5	.545
Hamilton	10	5	5	.500
Jefferson	12	1	11	.083

Three more games which are to be played this week will complete the schedule of the Graded School Indoor Baseball league which has been playing games since September. Friday afternoon the Washburn and Lincoln school teams will probably play one game while Saturday morning the Hamilton and Franklin schools will stage a double header at Copeland Park.

By beating the Washburn team

yesterday by the count of 6 to 3 the Franklins crept up to within a half a game of the lead and a sensational finish for the season is now assured.

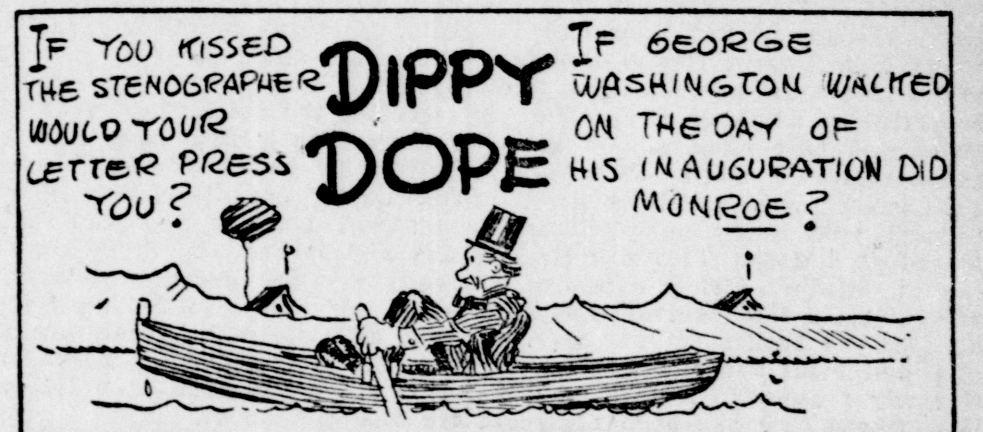

The Jefferson team dropped out of the race about the middle of the schedule thus forfeiting all of the games.

Good Excuse.

May—I've just been reading about a Boston physician who tells you what ails you by holding your hand. Jane—I must tell that to Bob tonight. He's thinking of studying medicine.—Cleveland Plain Dealer.

A Familiar Path.

"Well, Jorrock, I understand you are to lead Mrs. Winttingham-Jones Smythe to the altar," said Bubbleton. "Not on your life," returned Jorrock. "She knows the way. I'm just going along."—Harper's Weekly.

GRAND OPENING OF THE NEW DOME THEATRE, 815 ROSE STREET SATURDAY EVENING "THE FALL OF BLACK HAWK"

IN TWO REELS.

A remarkable story of the fall of a celebrated Indian chief. The scene of the famous battle was south of our own city of La Crosse, at Battle Ax Island. These reels fairly bristle with exciting Indian fights, cavalry charges, with a background of historic interest.

ALSO A GOOD SIDE SPLITTING COMEDY.
DON'T MISS THIS OPENING. ADMISSION 5c AND 10c

TWO NEW FOREIGN MINISTERS PRESENT THEIR CREDENTIALS TO PRESIDENT TAFT

Two new foreign ministers recently arrived in Washington and presented their credentials to President Taft.

One of them was Mr. Constantine Brun of Denmark. He succeeds Count Moltke, who has been the Danish minister for several years. Count Moltke married an American girl—Miss Thayer of Boston. Mr. Brun is

OTTO LEE TAKES MARVIN BUSINESS

Otto Lee, who has purchased Geo. B. Marvin's insurance and real estate business on the north side, took formal charge of the business this morning. Mr. Lee will hereafter conduct the real estate office in the same place as that occupied by Mr. Marvin.

Mr. Marvin will assist Mr. Lee with the business for some time but he has not yet made any plans for the immediate future. He has some business to attend to in the city and he will assist Mr. Lee in assuming the duties of the business before he retires.

Eccentric.
Gillet—Anything eccentric about Macy's children? Perry—Yes; they all mind.

GIRLS! GIRLS! SURELY TRY THIS DOUBLES BEAUTY OF YOUR HAIR

All you need is a 25 cent bottle of "Danderine"—Hair gets lustrous, fluffy and abundant at once.

Immediate? — Yes! Certain! or that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits, particularly those who have been careless, whose hair has been neglected

or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use of Danderine, when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it; surely get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

FRANK GROFF DIES OF DROPSY

Old Resident of North Side
Taken After Short Ill-
ness; Funeral on
Monday

Frank Groff, 76, a resident of La Crosse for many years, died yesterday noon at the home of his son, Ole Groff, 1923 Kane street, after a two months' illness with dropsy. Mr. Groff was born in Norway February 12, 1836, and after his immigration to the United States spent his life in this city. He was employed in the saw mills here during the lumber days. Mr. Groff is survived by five sons, John and Lars, who are in Norway; Reinart, Opstad, Minn.; Frederick, Minneapolis, and Ole, La Crosse. The funeral will be held Monday afternoon at 2 o'clock, from the residence of Mr. Groff's son, and at 2:30 from the Charles Street Lutheran church. Rev. Vik will officiate. Burial at Oak Grove cemetery.

FOG CAUSES CAR WRECKS

ST. LOUIS, Mo., Nov. 15.—Seven persons were injured, three probably fatally in two street car collisions, due to a dense fog, which enshrouded St. Louis early today.

WILSON ATTENDS BANQUET

PRINCETON, N. J., Nov. 15.—President-elect Wilson was scheduled to make his first appearance in New York since his election, when he arranged to go to that city this afternoon to attend the banquet of his class, Princeton '79, tonight at the University club.

His Memory.

"Do you remember," she asked when they met after the lapse of years, she having become a widow and he having remained a bachelor—"do you remember that evening, long ago, when you and I walked in the gloaming?"

"I remember the swamp we walked into, but I don't recall the gloaming," he replied.

Then a fond hope died in her breast and she turned away to make herself agreeable to others.—Chicago Record-Herald.

Innocence.

He—Has she been married long?
She—No; she still thinks her husband eats cloves because he likes them.

A Prank of Memory.

Why have we memory sufficient to retain the minutest circumstances that have happened to us and yet not enough to remember how often we have related them to the same person? —La Rochefoucauld.

Meant Well.

Willie (handing his uncle a bottle of glue)—I hope you will have a very happy birthday, Uncle Dick. Uncle Dick—Thank you, little man. But what is this for? Willie—Oh, I thought you would be so pleased with it. I heard papa say the other night that you never could make your stories stick together.

Different Opinions.

"There's a sad case," said Mrs. Jones as she laid the paper on her knees and wiped her spectacles. "A bride struck dumb after leaving the altar, and by last accounts she hadn't recovered her speech."

"It's the way of the world, my dear," said old Mr. Jones, with a sigh. "It's the way of the world. Some men have all the luck."—London Opinion.

Appearances Against Him.

"Do you mean to intimate that the prisoner was intoxicated?"
"Well, appearances seemed against him."

"What appearances?"
"Well, for one thing he was holding a glass upside down trying to fill it from a tightly corked bottle."—Cleveland Plain Dealer.

Quite Proper.

Little Rollo—Pop, what is an up-right piano? Pop—One that plays only sacred music, my son.

The Race Problem.

The Small Chap—Say, papa, what is the race problem? Papa—Picking winners.

Her Perch.

"Did he propose to her on his knees?"
"No, but she accepted him on them."—Houston Post.

Social supremacy is largely a matter of knowing the right people to snub.

INFLUENCES.

We daily influence each other for good or evil. Let us not be the occasion of misleading others by our silence when we ought to speak.

VINCENT ASTOR GETS \$65,000,000

Son of Man Lost on Titanic
Reaches Majority and
Comes Into
Fortune

NEW YORK, Nov. 15.—William Vincent Astor, who attains his majority today, and incidentally came into possession of \$65,000,000, spent most of his birthday at the office of the Astor estate, 21 West Twenty-Sixth street.

At seven o'clock tonight he was to take dinner at home with his mother, Mrs. Eva Willing Astor, and his sister Muriel.

Astor took his place today with James Roosevelt, Douglas Robinson and Nicholas Biddle, as a trustee of the \$13,000,000, left by the late Col. John Jacob Astor, for Mrs. Madeline Force Astor, her infant son, and Muriel Astor. He also became a member of the third panel of the sheriff's jury in place of his father, thereby escaping liability of service on trial juries.

FAN-ATICAL FANCIES

Illinois and Chicago appear to be evenly matched for the game which they will play tomorrow and the opinion seems to be that it is a tossup as to which eleven will win. Illinois appears to have a strong team this year and one which will give Chicago a hard battle, the state university seemingly having a good chance for a victory. The Maroons do not appear to be any too strong this year as small margins by which they have won their games will indicate. Northwestern having lost to Stagg's eleven by only 3 to 0 and the Purple team is rather a weak aggregation.

Yale and Princeton are scheduled to clash tomorrow in a game which gives every indication of being a great battle and one which will be worth witnessing. At yet Yale is undefeated but they have not met many strong teams while the Tigers were beaten by Harvard only after having beaten all other opponents by large scores. If the Tigers can beat Yale and the Eli can in turn down Harvard who will be entitled to the eastern championship for in that event each team will have lost one game?

It would seem that anyone who wants to manage a team would keep away from Cincinnati for it seems that unless a man wins the pennant right away there he might just as well quit. Among those of recent years who have tried to make pennant winners out of the Reds and who have failed are Ned Hanlon, Joe Kelley, Clark Griffith and Hank O'Day. Hank O'Day got a good start this year and his club led for a long time but it was not of championship caliber and it went to pieces so the former umpire lost all his popularity with the fans.

To the wonder of most of his friends and to fans all over the country, Fred Clarke, the veteran leader of the Pittsburgh Pirates, made good his threat not to play in a single game during the season of 1912 nor not even to take part in a game to the extent of batting for another man. When Fred made this announcement everybody laughed but the Pirate chief made a bunch of bets of suits of clothes and hats that he was in earnest. If he collected all these bets Clarke should be able to start a clothing store.

Billy Heston, former halfback and McMillan, one of the best quarterbacks Michigan ever had, are back at Ann Arbor now helping Coach Yost train the Wolverines for their game with Cornell tomorrow. Heston is well remembered by football fans as the terror of the west some years ago when the Wolverines were beating every team and when they were still in the conference.

Jim Thorpe, the hero of the 1912 Olympic games and the greatest all around athlete, is establishing a great record as captain and halfback on the Carlisle Indian eleven this season. He has been playing a wonderful game on the gridiron and his great work has been a big factor in the success with which the Indians have met this fall.

Glen Warner, coach at the Carlisle school, is given the credit for the discovery of Jim Thorpe. It is said that one day in 1907 Thorpe quit working of the school one afternoon to watch a squad of high jumpers practicing. Nobody noticed this boy who was attired in a pair of overalls but after practice had been concluded and everybody had left the field Thorpe was seen to walk over to the jumping standards and took a look at the pole which was even with his head. He took a few steps backward and then took a short run, clearing the bar easily. Warner happened to see this performance and he immediately ran out to Thorpe telling him to get into a track suit and come right back. At that time the hero of the Olympic games weighed but 127 pounds. Ever since the day that Warner discovered in this man the making of a wonderful athlete, Thorpe has been on all the Carlisle athletic teams and he is a star in all branches of athletics.

The first thing the average hired girl does is look in the closet and size up the family skeleton.

A man sometimes sees things from a different point of view after his wife makes up her mind.

200 ATTEND THE BANQUET FOR EVERS

CHICAGO, Nov. 15.—John Evers, the new Cub manager, handles a knife and a fork as well as he handles a bat; Chauncey Depew has nothing on him when it comes to after-dinner speaking; but he looks vastly better in a Cub uniform than in evening dress. These were the conclusions reached by 200 Cub fans today following the banquet tendered the Trojan.

The honor guest shared honor with Hank O'Day, his old time enemy. Just to feel at home, O'Day ordered Evers to the bench right at the start, and Johnny offered to go to the clubhouse, provided O'Day would agree to let him "shake the open face duds."

Evers paid a notable tribute to

Chance, saying he hoped to develop a team which would be a worthy successor to those managed by the old Cub boss.

Greeks' Worship of Lightning.

The Greeks were so much afraid of lightning that they worshiped it. They endeavored to avert its malignant influence by hissing and whistling at it. In places which had suffered by lightning were erected and oblations made to avert the anger of the gods, after which no one dared to touch or approach them.

Chauncey Cook, a prominent Trempealeau county farmer, is visiting friends in this city for a few days.

Frank Richmond, an attorney of Arcadia, came to La Crosse today to be with his mother, who is being treated at one of the local hospitals.

Dr. Edward Evans is attending the National Medical congress in New York city this week.

Excellent carriages. Gateway City Transfer Line. Phone 179.—Advertisement.

Robert Bartenfeld, Jay and Fourth streets, returned from northern Wisconsin from a hunting trip today. He brought a large buck with him.

August Schlicht, formerly a cattle dealer in La Crosse, now a farmer near Glendive, Mont., arrived in this city today for a week's visit with friends and relatives.

Parker-Hirt Machine Co. is the most modern auto home.

Fred Schnell, Jr., son of Fred Schnell, member of the board of public works, arrived in La Crosse today to be a witness in a case in circuit court and incidentally to visit old friends and his parents and relatives.

Morris G. Talley sold real estate property in La Crosse county to Lewis Hare today for the consideration of \$135.

WILSON ISSUES PROCLAMATION

PRINCETON, N. P., Nov. 15.—Governor Wilson today issued his Thanksgiving proclamation, in part as follows:

"Another year of peace and prosperity has passed by. The life of the state, and of the nation has been undisturbed by war or pestilence or disaster of any kind. We have been free to choose our own ways and pass through the varied action of the great political campaign without violence. The hope of our people has arisen with an increase on their life, and God has been very gracious to us in all his dealings."

Racine at His Work.

Racine, the French writer, composed his work while walking rapidly about, shouting out the lines in a loud voice. One day while he was thus composing part of his play of "Mithridates" in the Tuileries gardens in Paris he was surrounded by a group of workmen who took him to be a maniac. On his return home from these walks he would write down scene after scene in prose, and when they were finished he would exclaim, "My tragedy is done!" considering the transposition of the lines into verse only a trivial thing.

An Instance.

Hewitt—I was once kicked by a donkey. Jewett—We often hear of people kicking themselves.

A Familiar Legend.

"I ought to have some legend connected with the place," said the land lord. "They bring trade, legends do. There needn't necessarily be any truth in them, you know." "Stick to the legend that you are running a first class hotel," advised the guest. "That legend will catch a few greenhorns every year."—Louisville Courier-Journal.

Poor Count.

"Did your daughter take the count?" "No. The count took the count when he told my husband that we ought to be willing to pay \$2,000,000 for the honor of having our family identified with his."—Chicago Record-Herald.

Not One of Them.

Bones—The great men are all dying off. Jones—That doesn't make it necessary for you to see a doctor.

OPTIMISM.

The essential tendency of life is toward happiness. Optimism is the only true condition for a reasonable man.—Phillips Brooks.

\$3.50 Glasses For \$1.00 An Exposure

The frame for the above glasses after careful assay (by an assayer in the East, to whom I sent one of the frames) showed less than 2 1/2 cents worth of gold over the entire structure.

Is it any wonder they were offered for \$1.00? Who said they were worth \$3.50 a pair?

THE FAKER OF COURSE.

A faker always volunteers to tell you what his competitor's charges are, and he is sure this price is high enough to enable him to make his big profit for his poor "stuff."

Just remember this too: Nobody gives away a valuable service. If the examination is worth anything and you are not charged for it, you pay for it in the price of the glasses. This holds for all.

You are offered a FREE EXAMINATION, because he figures it isn't worth anything, but it will induce you to buy a pair of glasses.

You just want a pair of glasses, so you pay the price for the examination when you pay for his glasses.

As a manufacturer, I am in a position to produce lenses and furnish correct glasses at a reasonable price. Correct glasses relieve many ills that are caused from eyestrain. To find the correct glasses, that is where the trouble lies. My examination is thorough; depend on it.

I don't expect all the optical business, only that part of it that cares for skilled services. Better office facilities cannot be produced than I am able to offer you. I grind your lenses same day I make the examination. No delays.

I can make them while you wait. H. C. Evenson, Eyesight Specialist, Fifth and Main streets, upstairs.

BRYCE'S SUCCESSOR TRAINED DIPLOMAT

Sir Cecil Spring-Rice.

Arthur Cecil Spring-Rice, who will succeed Mr. Bryce as ambassador to the United States from England, has had a wide experience as a diplomat. He began his work in this field in 1886, when at the age of twenty-seven he came to the United States to act as third secretary at Washington. In 1890 he was appointed secretary to the British delegate to the international maritime conference. After serving for a time at Brussels and Tokio he was transferred to Washington in 1893. He was chargé d'affaires at Teheran in 1900 and minister to Persia in 1906-08. He is now serving as minister to Sweden.

DETECTIVES ARE FRED

CHIEF OF BUREAU AND MEN PUTT OF ST. PAUL FORCE IN THE GAMBLING SHAKEUP

ST. PAUL, Minn., Nov. 15.—As the result of an investigation instituted by Mayor H. P. Keller and carried on under the personal direction of Detective Wm. J. Burns, the police board at a special meeting discharged Chief of Detectives Joseph Fielding, Lieut. James Murnane, Detective Wm. Ryan and plain clothes man, Nathan Jacobs.

This investigation which began more than three months ago, has been the outgrowth of numerous rumors which have been in circulation regarding the internal workings of the police department with special reference to the detective bureau. Reports that gambling in various forms was being carried on in the city came to Mayor Keller as well as stories of other form of law breaking.

GIVE MAYOR 50 DAYS

SCHENECTADY SOCIALIST EXECUTIVE SENTENCED FOR PUBLIC SPEAKING IN LITTLE FALLS, N. Y.

LITTLE FALLS, N. Y., Nov. 15.—Mayor George R. Lunn, of Schenectady, was sentenced to serve fifty days in jail, or pay a fine of \$50, in records court here today in connection with his arrest three weeks ago on the charge of violating a city ordinance in addressing a gathering of strikers at Clinton Park in this city.

Lunn declared he would not pay the fine and it was expected he would be taken to jail to begin his sentence later in the day.

SOCIETY

MRS. HYDE, JR., ENTERTAINS

Mrs. S. Y. Hyde, Jr., entertained at a dinner Tuesday evening in honor of Miss Mabel West and fiancé, Mr. Loos of Napoleon, O. Covers were laid for ten. Those present were Mr. and Mrs. Horace Holley, Miss Louise Easton, Miss Ruth Colman, Mr. Rob Gordon, Mr. Alex Moll, Miss West, Mr. Loos and Mr. and Mrs. Hyde. The decorations were yellow chrysanthemums.

ENTERTAIN STRAGGLERS' CLUB

The Stragglers' Embroidery club met at the home of Mrs. J. I. Steves Wednesday afternoon. A needle threading contest took place in which Mrs. J. W. Bordette took the first prize and Mrs. J. B. Longway the consolation. Those present were Mesdames A. Boucher, George Boucher, W. B. Wilcox, H. Norcross, William McCann, J. A. Wilcox, W. A. Wilcox, J. I. Steves, J. B. Longway, Leo St. Jacques and J. W. Bordette. The club will meet in two weeks at the home of Mrs. W. B. Wilcox, 324 Caledonia street.

CHICKEN PIE SUPPER

Mrs. W. A. Wilcox entertained several ladies at a chicken pie supper Tuesday in honor of her birthday. Mrs. Wilcox was presented with a handsome cut glass fruit bowl. Those present were Mesdames A. Boucher, J. I. Steves, H. Norcross, William Wilcox and J. W. Bordette.

LILLIE FILNER ENTERTAINS

Miss Lillie Filner gave a linen shower at the home of Mrs. D. Y. Newton in honor of Miss Katie Haas, who is soon to be a bride. Music and a social time was the feature of the evening and at 11 o'clock a fine old German lunch was served. Those present were Amanda Wagner, Francis Justin, Alma Close, Julia Balduzzi, Della Cramer, Lillie Bentz, Lizzie Prockner, Mabel Swenson, Helen Keple, Emma Schroeder, Jennie Hauge, Sylvia Price, Marie Worthman, Laura and Kate Proly, Lillie Hazelbush, Ernest Hoffman, and Ella Schroeder, Mrs. Hazelbush and Mrs. Haas.

CHICKEN PIE SUPPER

One of the most pleasurable events of the season was participated in by the Methodists of the Caledonia Street church in the form of a chicken pie supper given at the home of Mrs. C. L. DeColon, on French Island. The pleasure of the supper was enhanced by automobile and hayrack rides to and from the pleasant home of the hostess. The feast was served to nearly one hundred guests by the Mesdames DeColon, Hinkley and Howard, also Mr. Hinkley and Mr. Jenks.

SOCIAL BRIEFS

Mr. Abner Withee of Watertown, Fla., spent a day in the city this week.

Mr. W. B. Webb of Hamilton, Col., spent several days in the city on his way to Chicago.

Mrs. William Doerflinger and daughter, Miss Doerflinger, are in Chicago.

Mr. Alex Paul of Watertown, Fla., is spending a few weeks here with his family at the home of Col. F. A. Copeland.

CALLS JUDGE MIKE AND GETS 90 DAYS

MILWAUKEE, Wis., Nov. 15.—Judge Michael Blenski took the bench in municipal court Thursday morning in the absence of the regular judge, who had gone duck hunting.

Anton Negowski, who has known Judge Blenski since boyhood, was in the bull pen for drunkenness. His name was called and, stumbling out, he saw the judge.

"Hello, Mike," he called. "Ninety days," the court thundered. "Go back from where you came."

The Other Way About.

Mrs. Eke—So you and your husband have separated because of a misunderstanding? Mrs. Wye—Nothing of the sort! We parted because we understood each other too well.—Boston Transcript.

Self Laudatory.

"There's only one thing I've got against the Congressional Record," said Farmer Cornstossel.

"You refer to its occasional suspension of publication?"

"No. It's kind o' misleadin'. A lot of the speeches our congressmen makes about himself ought to be marked 'adv.'"—Washington Star.

The Reason.

"Why," asked an irate cook, "are people always coming into the kitchen when I'm making bread?" "Because," answered the facetious butler, "they think it right to come to you in your hour of knead!"

A pessimist is a person who would rather crack a looking glass than a joke.

Few people are half as well satisfied with their surrounding as they are with themselves.

Thanksgiving is near at hand

Don't you need a Carving Set? We have some fine ones, the kind that cuts well and looks well, and our prices are right—\$1.50 to \$6.00.

W. T. IRVINE, Jeweler
429 Main Street

Wash your dishes with GOLD DUST

Put a dash of Gold Dust into the water, and it will go to the bottom of things, drive out every bit of dirt, every germ, every hidden particle. Gold Dust cleanses as well as cleans.

We promise you this, if you use Gold Dust: Your dishes will be sweeter and cleaner than ever before, and you will save at least half the time ordinarily consumed in washing them.

Gold Dust does better work than soap or any other dish-washing product—and saves half the time.

"Inside Information"

"Let the GOLD DUST TWINS do your work"

THE N. K. FAIRBANK COMPANY, Chicago

Fiske O'Hara, the famous Young Irish Tenor now starring in a romantic Irish play "The Rose of Kildare. La Crosse Theater Nov. 20.

MUTE SHOTS HIS WIFE

MILL CITY MAN WOUNDS DEAF AND DUMB SPOUSE AND TURNS GUN UPON HIMSELF

MINNEAPOLIS, Minn., Nov. 15.—Mrs. Martin Garvick, 30, a deaf mute, is in a critical condition today and Martin Garvick, 32, deaf and dumb, has a scalp wound as a result of Garvick's attempt to kill his wife and commit suicide.

Mrs. Garvick's sister, Mrs. Etta Hartfiel, stood by and watched a rapid five conversation in the sign language between the husband and wife, thinking they were effecting a reconciliation. Suddenly Garvick drew his revolver, shot his wife through the chest and grazed his own scalp with another bullet. Garvick is not badly hurt.

His Time Coming.

Young Mother—Harry, dear, you mustn't go near the baby. Young Father—Mayn't I just look at him a minute? Young Mother—No, dear; he's asleep. I'll let you take him when he wakes up in the night.

Protected Both Ways.

Two conservative ladies of old fashioned notions were traveling in the west and, becoming interested in a young girl on the train, finally asked why she was making so long a journey alone. They were greatly shocked at her blithe explanation: "Well, you see, my mother and stepfather live at one end of the journey, and my father and stepmother live at the other. They send me to each other twice a year, so there isn't a bit of danger with four parents all on the lookout!"—New York Times.

Long Lived Lions.

Lions are comparatively long lived. Instances having been recorded where they reached the age of seventy years.

ATTENTION Poultry Men!

DON'T FAIL TO SEE OUR POULTRY DISPLAY AT HOESCHLER'S COLUMBIAN PHARMACY.

FIND IRON ORE IN WISCONSIN

RHINELANDER, Wis., Nov. 15.—Outcroppings of a rich vein of iron ore has been discovered on the Goldstrand farm one mile north of this city. A company of Rhinelander business men is being organized to work the property and a steam drill will be placed in operation there soon.

Keep It Cooked Indefinitely. Liquor improves with age. The longer you keep it corked the better it is for you.—Atlanta Journal.

Of course, we all feel sorry for people who don't like us.

Headaches and Neuralgia

The cause of such pains is often due to eyestrain. Eyestrain is relieved with correct glasses only. Other glasses only cause greater troubles. The correct glasses are ground here.

Smart Frocks for Simple Occasions

Edited by
May Manton

SIMPLE gowns are made from silk as well as from wool this season, and it is quite correct to make charmeuse or moire, poplin or any similar fabric into a gown of simple lines designed for simple occasions. As silk is always lovely with trimming of velvet, effects are usually handsome and unusually easy to obtain. A great many of these weaves are found in combined silk and wool threads also, and the wool poplin is as smart as the silk poplin. Silk serge is used as well as wool serge.

Chiffon broadcloth is liked, too, for indoor gowns, and it is always beautiful. It is especially handsome in certain colors, and copper with trimming of black is as beautiful as it is smart, while some of the gray-blues are exquisite treated in the same way. Chemisettes of white or cream lace gives relief, and are much in use. Women who are seeking a costume that can be worn for any simple occasion, within doors or on the street with a long coat, will find nothing better than broadcloth or poplin treated in such a way.

Every variety of the flat collar that rolls away from the throat is fashionable. A great many dressmakers recommend the making of such gowns with separate chemisette, for they can then be worn with or without as occasion requires. The open neck is often desirable within doors, while the chemisette is really necessary to a good effect upon the street.

Some of the velvets and corduroys are woven in such light weight that they, too, are desirable for the indoor costume, and they are always pretty, especially desirable for young girls and small women to whom youthful styles are becoming. Nut brown is exceedingly fashionable and is peculiarly handsome in corduroy.

A lovely effect could be obtained by trimming with broadcloth in champagne color, for broadcloth on the corduroy background is extremely beautiful.

We look for contrasts this season almost inevitably, and contrasts can be so handled as to be brilliantly successful. What we need to avoid is garish color effects, and the attempt to copy exceptional combinations. The artist will frequently put two colors together that, at first thought, seem incongruous, but because he succeeds it does not follow that the untrained eye should follow in his wake. Often the slight difference in shades makes all the difference between success and failure. Frequently there is much study given before such an effect is produced.

We all know how beautiful the green of the moss is on the brown of the tree trunk, and not a few of these great designers go to Nature for suggestion. It too often happens that their followers forget the models and remember only the two tints, missing the essential point and putting together shades that are not designed one for the other.

THE gown in semi-princesse style is the favorite one for simple occasions, and just now we are being made happy by front closings. Women who can afford the luxury of maids may not find this last feature an important one, but to the average reader the gown that can be adjusted without assistance must be a welcome one.

All sorts of simple materials are used for the making of such costumes, but poplin is a great favorite. Serge of the lightest quality is to be extensively used and both striped and plaid materials are in vogue, being used for entire costumes and for trimming effects. With the wool fabrics, velvets and satins are used as trimming and extremely effective contrasts are obtained.

In gowns of this sort the straight, narrow lines prevail and the simple models are preferred, but there is a great deal of variety, nevertheless. Sleeves of almost every length are fashionable this winter and one can wear a gown with a V-shaped neck, a gown with a high collar, a gown with a chemisette or a gown without a chemisette with equal propriety. Just so long as the wearer looks pretty and attractive and the general lines are followed, La Mode is content. She is generous in details, at least, and the question of the neck finish always is an important one.

Buttons are a craze, so generally are they used, and in such variety are they shown, while buttonholes, both real and simulated, are important as trimming as well as for prosaic use. Often draperies are held by an ornament consisting of a button and buttonhole, made from piping or braids for the simple frocks, of rhinestone, for the costume of greater elaboration. Panels frequently appear to be buttoned into place whether such is the fact or not, and wherever buttons can be used they make a smart effect.

Simulated tunic effects are much liked and are pretty, while practical women welcome them because they can be used with contrasting materials and often make remodeling interesting as well as possible. Real Scotch plaids are extensively used in combination with plain materials, and the costume that combines the two is eminently chic.

The first figure in the lower left hand corner of this page shows a misses frock in semi-princesse style that is well adapted to the favorite charmeuse and similar materials and to the light weight woolen materials. It includes the new sleeves that are sewed to the blouse portion at the long shoulder line and a big collar that is eminently becoming.

In this case, it is made with three-quarter sleeves but long sleeves are being much worn and the dress can be finished in either way. There is a three-piece skirt lapped onto a narrow panel at the front and, beneath the overlapped edges at the left side, the closing is made invisibly. In the illustration, one of the new silk and wool novelties is trimmed with satin but this entire frock would be charming made from charmeuse satin or charmeuse crêpe with the collar and cuffs of the same or of a contrasting color. Smoke gray with amber would be extremely fashionable and extremely pretty and all white is to be much worn by young girls. If two materials are liked, the panel at the front of the blouse and at the front of the skirt could be made of a different material. A plain material with the panels of striped or plaid would be effective and plaid is much in vogue for uses of the kind. Many girls are wearing dresses with collarless necks and, in place of the stock collar, the neck can be cut to any desired depth and finished.

The second figure shows one of broadcloth with trimming of silk. This is trimmed with one of the new striped silks and the combination is an effective one. Girls are wearing so many pretty materials this season that such a frock as this one can be treated in numberless ways. Corduroy for the entire dress with trimming of broadcloth would make a handsome effect, or velvet could be treated in the same way, or charmeuse satin could be used with trimming of velvet to be beautiful, while, for simpler needs, serge is admirable and the light weight wool ratine is excellent. Ratine with broadcloth is always good. Again, while the shawl collar is pretty and generally becoming, many girls like the round neck, and the single revers shown in one of the small views is smart and the dress can be finished in this way with the stock collar or without it as may be more becoming. When the shawl collar is used, the dress can be worn with the chemisette or without it, for this latter is quite separate and it can be finished with the stock collar or with a round neck. A pretty effect can be obtained by omit-

ting the chemisette and arranging lace over the V-shaped opening.

The last figure shows one that can be made after the manner shown on the figure and become adapted to street as well as indoor wear; or it can be made without the peplum and with square neck to become much simpler. In either case, it is closed at the left of the front and the fact in itself makes it desirable. The sleeves can be made in three-quarter or full length, so that several quite different results can be obtained from the use of the same model. Street dresses will be much worn throughout the early season and this one, made from serge or any similar material, would be exceedingly fashionable. Both three-quarter and long sleeves are likely to be correct for a long time to come so that each wearer is free to choose the length that suits her better. Light weight serge is the most satisfactory material for dresses of this sort but broadcloth will be much used this season and it is handsome. There are numberless novelties offered and wool éponge is smart and has many advantages. Trimmings of silk and velvet on wool are always handsome and are much in vogue. A wool fabric on another of contrasting weave is always handsome. The frock is a very simple one to make. The blouse includes only the shoulder and under-arm seams with the set-in sleeves stitched to the armholes. The skirt is cut in four gores and the back gore can be made in panel style or gathered. The peplum is entirely separate and the waist and skirt can be joined at either the high or the natural waist line.

It is with November that the first cool days come, but it is also with November that the thought of holidays is in the air, consequently the little folk will find a variety of needs. For school and occasions of the kind girls like sailor dresses as well as, if not better than, any other sort, and they are always attractive and becoming.

Serge is a favorite material for their making, and they are very pretty with trimming of plaid as well as of the regulation blue and white. For street wear tippets and muffs are almost essential. All sorts of simple, inexpensive furs are used, and there are a great many new ones of the kind made from the fur plushes that are exceptionally handsome this year.

For the younger children coats are uniformly long, but the older girls wear them in varying lengths. There is a preference for rough cloths this season and boucles, chinchillas and the like are exceedingly smart.

FRIDAY—Something Always Happens To Addle The Joy

By C. A. Voight

You Are Reasonably Certain Of Finding The Thing You Reasonably Want Through a Want Ad

HELP WANTED—MALE

WANTED—At once, experienced tool makers. Steady work. Apply National Gauge & Register Company. 9 14 15

15 MEN, 20 to 30 years old, wanted at once for railroad firemen and brakemen. \$80 to \$140 a month; experience unnecessary; fine opportunity; no strike. For application blank, address H. C. F., care of Tribune. 11 2 12 5

WANTED—Painters, inside work. Call 1104-C new phone; 3512 old phone. J. H. Arenz. 11 13 16

WANTED—Two carriage drivers and two truck drivers at Gateway City Transfer Co. 11 14 20

Chicago Grain Review CHICAGO, Nov. 15.—The grain market was weaker today. Local traders, it seemed ignored strong cables, and turned their attention to domestic reports which were uniformly bearish.

Wheat opened slightly higher than yesterday's close, but a falling off of 3/4 to 1/2 cents was noted at noon today. News from the northwest of heavy receipts was chiefly responsible for the slump. Corn was little influenced by wheat, but was slightly weaker. Oats were steady. Provisions strong.

DULUTH TO RIDE SIX FOR QUARTER

State Railroad Commission
Orders Reduction in
Fare on Street
Cars

MADISON, Wis., Nov. 15.—In a decision of the Wisconsin railroad commission today, the Duluth Street Railway company is ordered to establish a rate of six street car tickets for 25 cents in addition to the regular five cent fare on its Superior lines.

No reductions were ordered in the water rates of the city of Superior, for the reason that the net earnings of the water, light and power company do not warrant it.

In gas rates no reductions were justified below those in the rates which were made to the consumers a short time ago.

In current for electric lighting, considerable reduction in the rates were made, because such reductions were warranted by the net earnings of the company and other local conditions. The above constitute the epitome of a number of decisions rendered by the railroad commission affecting the public utilities of the city of Superior. Probably the most important was the complaint of the Superior Commercial club against the Duluth Street Railway company for a lower fare. The counsel for the company contended that a five-cent fare was the usual and regular rate on traction lines operating in cities of Superior's size. Investigations by the commission disclose that more than one-third of all the operating companies in the United States offer fares of less than five cents to all patrons, and more than 200 companies or 25 per cent, offer tickets at slightly more than four cents. It was found that forty railroads in Pennsylvania offer fares that do not exceed a four cent rate; 25 street railways of Ohio offer six tickets for 25 cents; and about a dozen cities in Iowa have approximately a four cent fare. In Connecticut, out of 27 companies operating in cities of from 46,000 to 130,000 people, 38 per cent have a straight five cent fare, while 62 per cent have a rate below five cents in one form or another.

Six tickets for 25 cents was found to be common in Michigan, Indiana, Illinois and Wisconsin. The rates filed with the commission by the urban companies operating in Wisconsin show that out of eighteen companies operating in the large cities of this state, fifteen or 83 per cent, have rates below five cents, while only three companies have a straight five cent fare. The order providing for six tickets for a quarter in Superior is based primarily upon the fact that this reduction from a straight five cent fare was justified by the cost of the company of performing the service involved.

RESERVE FOR CONSUMPTIVES

MADISON, Wis., Nov. 15.—State Forester E. M. Griffith will propose to the next legislature that the state forest reserve be used for the employment and treatment of consumptives and "run down city folks." There are nearly 1,200 lakes within the forestry area, and sufficient manual work in the out of doors to be done in cultivating the forests. His plan has been endorsed by the Wisconsin Anti-Tuberculosis association, and a committee composed of Henry C. Campbell, of Milwaukee; Dr. J. W. Coon, superintendent of the state tuberculosis sanatorium at Wales, and Assemblyman-elect F. L. Holmes of Madison has been appointed to investigate the subject.

HOUSTON, MINN.

The Misses Anna Bleikum and Amanda Loken spent Tuesday shopping at La Crosse.

Miss Emma Langdon of La Crosse is a guest at Horner's.

The Houston basketball team is scheduled to meet the high school players at Spring Grove next Saturday.

Albert Thompson has returned from Hettinger, S. D., where he spent the past two months in the harvest fields. He reports crops doing better than ever before and threshing about completed.

Obert Hanson returned Tuesday from his labors at Minneapolis.

The finishing touches on the village hall are being rushed to completion. The carpenters completed their work yesterday.

Frank McKelvey has arrived from Valley City, N. D., where he has been laboring in the threshing and harvest fields.

Opening announcements are out for the new village hall and opera house entertainment the 22nd and sale of seats has started.

Gilbert Ormson of Elroy, Wis., is visiting G. Sheldon.

Railroads are experiencing their rush time of the fall, judging from the numerous extras daily both east and west. The South Dakota grain movement is about the largest ever reported, consequently the traffic to eastern markets is very promising.

ACTRESS TO WED

DENVER, Colo., Nov. 15.—It was announced here that Blanche Gates, the actress, and George Creel, a Denver newspaper man, will be married Nov. 28, at Ossining, N. Y. Judge Ben Lindsey of the Denver juvenile court, will be best man.

A man who is always complimenting a woman is an awful liar, and she knows it. Still, she believes him.

CONFESSES MURDER ALLEGED INSANE

ST. PAUL, Minn., Nov. 15.—Joel Unmacker of Chicago, who was arrested at his own request Wednesday night after he had threatened to commit suicide several times, told Judge Hugo Hanft in municipal court that he had killed his wife and two children in Chicago and had just succeeded in escaping the police of that city. His case was passed to November 20 for examination as to his sanity.

One sure way to lose your friends is to become a chronic kicker.

BOERS TO SETTLE IN THE NORTHWEST

EDMONTON, Alta., Nov. 15.—Fifteen hundred experienced farmers of Dutch origin, now living in South Africa, will be brought to northern Alberta by the Alberta, Peace River and Eastern Railway company, which has a dominion character to build a system of 1,500 miles from Hudson's bay to the Pacific ocean by way of Edmonton. The company owns 800,000 acres of land in the Peace River District, which will be developed and settled as rapidly as possible.

WILL COMPLETE ROAD NEXT YEAR

EDMONTON, Alta., Nov. 15.—J. Morley Donaldson, vice president and general manager of the Grand Trunk Pacific Railway company, said in an interview here today that the ocean-to-ocean system will be completed some time next year. Forty-five hundred men are at work on the divisions west of Edmonton and seventeen hundred are employed on the eastern divisions. Eight steam shovels are working day and night.

The saloonkeeper always has plenty of fall goods on hand.

Are You Bilious?

Biliousness is ever ready to take from any woman her cheerfulness, her chances of success, her happiness, her good looks.

The headaches, the backaches, the lassitude, the extreme nervousness and sense of misery women suffer from at times show that their systems need just the help to be found in the reliable effective vegetable remedy—approved by countless women the world over—

Beecham's Pills

Every woman ought to know that the organs in the human body depend upon one another; if one is wrong others fail to work naturally and properly. Let Beecham's Pills tone the stomach, help the liver and kidneys, regulate the bowels—then there won't be much wrong anywhere. All bodily functions will be performed in the way Nature intended—without undue suffering.

Soothed nerves, better digestion, freedom from pain, brighter eyes and a clearer complexion follow an early trial of this matchless remedy. Beecham's Pills prevent suffering because they

KONDON MED. CO., MINNEAPOLIS, MINN.

MME. BAKHMETEFF ASKS BALKAN AID

WASHINGTON, Nov. 15.—Madame Bakhmeteff, who has sent the following letter to the president, is an American and the wife of the Russian ambassador at Washington. She spent many years in Greece and Bulgaria and has been asked to represent their Red Cross societies here.

"November 6, 1912.
To His Excellency, President Taft, President, American Red Cross, Washington, D. C.

"Der Mr. President: In addition to the general appeal to the American people which you are sending out to alleviate the sufferings caused by the war in the Balkans, I should like to state that I have received a cable from the queen of Greece saying that the need is great and increasing and asking me to send directly to her all the aid I can gather. I also represent the Bulgarian Red Cross and am informed from there that conditions

are equally terrible and that the need of assistance is most urgent. "The rigorous Balkan winter is closing in upon the poor, unprepared people and thousands of sick and wounded may die for want of a little help. Hospital supplies, clothing, and many other things are greatly needed.

"I have lived many years both in Greece and in Bulgaria and have assisted at many scenes of hardship and suffering and know by experience that such appeals coming from there can not be exaggerated and demand a quick answer and I devoutly pray that they find an echo in all Christian hearts. Any contributions that may be sent to me I will forward directly to their destination through the American Red Cross with the names of the charitable contributors who can designate, if they wish, the country they want to assist, whether it be Greece or Bulgaria.

"Yours most sincerely,
"MARIE BAKHMETEFF."

Clogged-up Bowels Menace to Health

Constipation at Bottom of Most Serious Illnesses—Avoided by a Simple Remedy

Trace the origin of the commoner ills of life and almost invariably you will find that constipation was the cause. It is not to be expected that a mass of fermented food can remain in the system beyond its time without vitiating the blood and affecting the nerves and muscles. It congests the entire body.

The results are colds, fevers, piles, headaches and nervousness with its accompanying indigestion and sleeplessness. There is only one thing to do, and that is to remove the trouble; and as nature seemed unable to do it, outside aid is necessary. You will find the best of all outside aids a remedy that many thousands are now using for this very purpose, called Dr. Caldwell's Syrup Pepsin. Many hundreds of letters are received by Dr. Caldwell telling of the good results obtained, and among the letters have been very enthusiastic ones from Mrs. Sadie Weir, Marquette, Mich., and Mr. J. B. Stephens, 224 Main St., Joplin, Mo., who rely entirely on Syrup Pepsin in these emergencies.

It has untold advantages over pills, salts and the various coarse cathartics and purgatives, for while these do but temporary good, Syrup Pepsin cures permanently. The effect of its action is to train the stomach and bowel muscles to do their work naturally again, and in a short time all forms of medicine can be dispensed with. It can be bought with-

MRS. SADIE WEIR
out inconvenience at any nearby drug store for fifty cents and one dollar a bottle, the latter size being regularly bought by those who already know its value.

Syrup Pepsin is so mild and free from any form of narcotic that it is given to tiny infants, and yet it will be found effective in the most stubborn case of constipation which has resisted all other remedies.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 413 Washington St., Monticello, Ill., and a free sample bottle will be mailed you. Results are always guaranteed or money will be refunded.—Advertisement.
